Ausroc drill rigs

Are Ausdrill drilling rigs safe?
Ex tensive range of drilling rigs We have one of Australia's largest fleets of purpose-built drilling rigs. Combined with our experienced teams of supervisors and drill crews,Ausdrill's complete drilling service is both safe and reliableand delivers superior results for our customers.

Are Epiroc rigs good for blast hole drilling?
Epiroc's rugged face drilling rigs are built for blast hole drillingin underground mining and tunneling. Choose your model of jumbo here and read more! Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths,positioning configurations,rock drills,and optional automated features for underground production drilling.

What is RC drilling rig used for?
RC drilling rigs are used for various purposes. Rig Sales Australia offers a wide selection of new and used drilling rigs for sale,including RC rigs,as well as geotechnical,sonic,exploration,blasthole,auger,underground,multipurpose,and diamond rigs.

What types of drilling rigs are offered?
Rig Sales Australia offers a wide selection of new and used drilling rigs for sale,including geotechnical,sonic,exploration,blasthole,auger,underground,multipurpose,diamond,and RC rigs.

Who makes rotary blast hole drilling rigs?
Epirocoffers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the perfect solution for your needs. Discover our wide range of surface drilling equipment within mining,quarrying,construction,civil engineering and the dimension stone industry.

Who is Epiroc drill rig?
Epiroc is a one of the leading drill rig manufacturers in the world. We provide world leading products and services for the extraction of marble,granite,limestone and sandstone.

Roc-Drill is a market proven drilling and blasting contractor with over a decade of delivering for diverse clients throughout Australia and the Asia-Pacific region. ...

Epiroc"s Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground ...

Discover our wide range of surface drilling equipment within mining, quarrying, construction, civil engineering and the dimension stone industry.

Ausroc drill rigs

Product description The FlexiROC D60 surface drill rig from Epiroc is a perfect balance between productivity and efficiency. It"s a proven and dependable rig for DTH drilling in mining and ...

The Ausdrill Rock Commander Automated Sampling and Surveying Drill Rig (RCASS) is a patented reverse circulation drill rig designed for use in grade control environments....

RC drilling is a quick and efficient method that has the potential to cut overall drilling cost significantly, while maintaining good sampling quality. When ...

At Ausrock Drilling Tools, we understand how important reliable and efficient drilling is to your project. Our team of experienced ex-drillers and industry-leading innovators are here to ...

The Pit Viper 271 rigs also come with Epiroc"s Automatic Bit Changer solution, which allows for drill bits to be changed with a single touch of a button, which saves time and ...

Epiroc is a global productivity partner for mining and construction customers, and accelerates the transformation toward a sustainable society. ...

Ausroc 400 Drill Rig Specs/Capabilities: o Diesel Engine 112kw o Rotary Drive Torque 5500Nm o Pullout Capacity 8000Kg o Main Winch 2000Kg o Secondary Winch - 500kg o Water pump - ...

Grade control Efficiency and accuracy every time We design and build our own rigs to ensure you get the safest, highest-quality samples for your grade control program. We are able to perform ...

Pilbara Minerals, the world"s largest, independent hard rock lithium producer, has ordered a fleet of 14 Epiroc SmartROC D65 surface drill rigs for ...

A great drill rig includes size, engine power, torque, and the ability to operate and maneuver in difficult conditions. We"ve partnered with top drill rig ...

Rig 16 is equally effective for air or mud rotary drilling with the addition of an auxiliary air compressor or mud pump. It"s advanced features ensure safety, productivity and versatility ...

Rig 21 can transition seamlessly from Water Well drilling for monitoring and production bores to RC drilling when required. It"s track mounted design and advanced features make it a self ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Whether you need a pilot hole in a marble quarry, a core sampling hole, a blasthole for construction or mining

in a drill-and-blast operation, we have the ...

The live tower is capable of clean hole single-pass drilling to depths of up to 14.3 m (47 ft) with bit changing above deck, or multi-pass drilling to a total depth of ...

It is an innovation in automated precision drilling and an industry first in labour free sampling. This feature is enabled by the integration of the RayTrac RFID sampling system meaning sampling ...

Ausroc 1600H Multipurpose Drilling - Diamond and Rotary Mud and Air Rotary to 700m RIG 16 POSE MACHINE capable of diamond, RC and rotary drilling. Mounted on an 8 x 8 Mercedes ...

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...
