Solo drill rig

What is a solo 5-5v rig?

The Solo 5-5V is a highly versatile single boom electro-hydraulic long-hole drilling jumbofor small and medium scale production drilling in underground mines. The rig is capable of drilling several lines of parallel holes,up and down,up to 23 m depth,from a single machine position over the width of 5.5 m.

What is a Tamrock solo rig?

The Tamrock Solo 5-7F Cabin is an electro-hydraulic long-hole drilling rigfor small and medium scale pro-duction drilling in underground mines. The rig is capa-ble of drilling 64 - 102 mm holes up to 38 meters.

How many holes can a rig Drill?

The rig is capa-ble of drilling 64 - 102 mmholes up to 38 meters. The rig has been designed for vertical and inclined plane rings and fans and also for parallel long produc-tion holes as well as for long single holes.

How deep can a telescopic rig Drill?

The rig is capable of drilling several lines of parallel holes,up and down,up to 23 m depth,from a single machine position over the width of 5.5 m. The 360° rotation in full parallel coverage area and wide tilt angle ranges forward and backward make the robust universal telescopic boom suitable to various drilling applications.

What is Isolo drilling control system?

iSOLO drilling control system provides accurate feed control regardless of rock conditions. Various instrumentation and automation options are available to answer customers' requirements. Operators can achieve maximum drilling productivity through easy data transfer and remote control features.

How do I design a longhole drill plan?

The longhole drill plan design can be done using Deswik UGDB. The plan is sent to the i-Series longhole drills directly or through Sandvik DrillConnect when connectivity is limited. Operating manuals and spare parts can be found on the My Sandvik customer portal.

McDowell Equipment Sudbury, Ontario - new and used construction mining heavy equipment & parts for surface and underground delivered worldwide.

Sandvik DL432i is a fully mechanized top hammer longhole drill designed for underground mass mining in 3.4 m x 3.4 meter or larger production drifts. It ...

Sandvik DL421 is a versatile longhole drill rig engineered for large-scale production drilling in underground mines. It is designed for vertical and inclined plane rings and fans, as well as ...

Solo drill rig

Two experienced water well drillers on opposite coasts recently faced important decisions about their drill rigs. In California, Nick Rumsey of ...

With scalable automation packages, Sandvik DD422iE ofers a wide range of valuable features for automatic drilling: Booms with hydraulic parallel hold without instrumentation, combined with ...

Sandvik DL2710 is a fully mechanized and compact electro-hydraulic top hammer longhole drill designed for underground mining in 3.4 x 3.2 meter or larger production drifts. It is capable of ...

Sandvik (Tamrock) solo 5 5v Underground Drill Rig Spare Parts List The SOLO 5 5V underground drill rig replacement parts manufactured to OEM specifications. Browse our extensive ...

Simulator for Sandvik DL421 Longhole Production Drill Rig UP192 Conversion Kit ® Immersive Technologies" UP192 Conversion Kit provides the ultimate in ...

TECHNICAL SPECIFICATION Sandvik DL321 is a fully-mechanized and compact electro-hydraulic top hammer longhole drill designed for underground mass mining in 3.2 x 3.2 m or ...

This page provides you with SANDVIK DL421 Longhole drill rig parameters, prices, pictures and other information. It is the main website for your SANDVIK ...

Achieve high-performance longhole drilling with the Sandvik DL311 rig - a drill designed for heavy-duty work, offering next-level reliability in drilling and bolting.

Experience advanced longhole drilling with the Sandvik DL422i rig - a drill engineered for precision and productivity in underground mining operations.

Epiroc"s rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. Choose your model of jumbo here and read more!

Solo drilling rigs New and used Trusted sellers Currently in stock Quality construction equipment for sale at Machineryline USA

I. Onederra* and G. Chitombo This paper discusses a systematic approach to underground ring design as well as a methodology for the continuous improvement of designs as conditions ...

APPLICATION The Sandvik DL420-15C is an electro-hydraulic long-hole drilling rig for large-scale production drilling in un-derground mines. The rig is capable of drilling 89 - 127 mm (3 1/2" - ...

Explore the precision and efficiency of the Sandvik DD422iE electric drill rig, a top-notch solution for development drill rigs in mining operations.

Solo drill rig

The Solo series of drill rig was selected because it combines high drilling performance and good drilling accuracy with high versatility with a compact size. The mining method proposed by a ...

TECHNICAL SPECIFICATION Sandvik DL421 is a fully-mechanized and compact electro-hydraulic top hammer longhole drill designed for underground mass mining in 3.6 x 3.6 m or ...

The DL432i is mounted on a 4-wheel drive frame-steered and diesel-powered carrier. It is equipped with the RD927L hydraulic rock drill, LFRC906 drilling module, SB160P boom and ...

Powerfull RD927L rock drill - 27 kW AutoMine® for Underground Drilling is a tele-remote system enabling an operator to remotely control and simultaneously supervise a single or multiple ...

Technical Specification 7-6335-D Sandvik DL431-7C 2012-08-13 Underground Drill Rig The Sandvik DL431-7C is a versatile electro-hydrau- lic long-hole ...

Epiroc"s Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground ...

Enhance your mining development with the DD321 drill rig by Sandvik. It"s a development rig designed for efficient underground drilling, ensuring precision.

The Solo 5-5V is a highly versatile single boom electro-hydraulic long-hole drilling jumbo for small and medium scale production drilling in underground mines. The rig is capable of drilling ...

Technical Specification 7-6335-D Sandvik DL431-7C 2012-08-13 Underground Drill Rig The Sandvik DL431-7C is a versatile electro-hydrau- lic long-hole drilling rig for production and long ...

The Tamrock Solo 5-7F Cabin is an electro-hydraulic long-hole drilling rig for small and medium scale pro-duction drilling in underground mines. The rig is capa-ble of drilling 64 - 102 mm ...
