

180 trailer down-the-hole drill rig

YK water well drilling rig is a light, efficient, multi-functional full hydraulic drilling rig has the characteristics of advanced structure, convenient use, standardized configuration, short ...

The LST1 water well drill offers the perfect combination of performance and portability and drills a 6-inch borehole up to 300 feet in a variety of soils.

CME - Auger drill rigs and drilling equipment for the geotechnical, environmental, mineral exploration, and construction industries.

GK180 Trailer Type Water Well Drilling Rig is a mobile drilling solution developed by synthesizing the advantages of various drilling rigs. This shallow hole drilling rig is primarily used for ...

CME trailer mounted drills 45B, 45C, 55, 55LC, 55LCX are efficient auger, core, rotary rigs for geotechnical, environmental and mineral exploration.

Different Models of Down the Hole Drilling Rigs: YGD-70/100 DTH Drilling Rig YGD70/100 DTH drilling rig is a kind of compound power model, powered by a ...

Please Note: The Mini BoreMaster 100 is a rotary water drilling machine, which is mainly designed to drill through sand and stone. It can occasionally be used to ...

Leopard(TM) DI560 is a highly mobile, compact, diesel-powered down-the-hole (DTH) drill designed for DTH blasthole drilling in mining, quarry and construction industries. Features include a self ...

Most drilling rig models have been designed for multipurpose use and can be equipped with special kits for different foundation and geotechnical ...

Down-the-hole drilling (DTH) essentially involves a drilling hammer at the bottom of a drill string. It relies on three elements for drilling holes: bit loading ...

The XDH-180 series crawler open-pit down-the-hole drill rig is a new type of down-the-hole drill developed to meet market demand. This product has excellent performance, ...

FY-180 DTH drilling rig OVERVIEW: Suitable for industrial and civil geothermal drilling, water well drilling, mining drilling etc. Price: 11,000-20,000USD We're here to help: Easy ways to get ...

Explore the efficiency and precision of Down-the-Hole (DTH) hammers in modern drilling applications.

180 trailer down-the-hole drill rig

Learn about their mechanism, key components, advantages, and diverse ...

Product description Drilling method: Down-the-holeHole diameter: 138-203mmDTH-hammer: 5 ?6 and 7 inches TechnicalSpecifications of SWDR Series Surface Down-the-Hole Drilling Rigs ...

The EX180 Excavator attachment offers the mobility and reach of an excavator combined with the reliability, power and speed of a Watson Drill rig, making it useful in a wide range of applications.

The KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine,stonework blast ...

KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

MW580 is a high efficiency and multi-functional down the hole water well drilling equipment, It can be used to drill water well, agricultural irrigation well, geothermal well and other type well holes.

This series of water well drilling machine has the characteristics of standardized configuration, compact and reasonablestructure, fast drilling speed, economical and durable, low failure rate, ...

A down-the-hole drill, usually called DTH Drilling Rig, is basically a mini jackhammer screwed on the bottom of a drill string. The speedy hammer ...

The LS300T+ Water Well Drill offers ultimate performance in a complete package, featuring our most powerful hydraulics for drilling 6-inch boreholes up to 300 feet in any conditions, including ...

The MW180 180m steel crawler water well drilling rig offers high efficiency & durability for deep well projects. Boasting a 180m drilling depth, its steel - crawler design ensures stability. Ideal ...

High-Performance Drilling: Equipped with a hydraulic down-the-hole (DTH) system achieving 180 RPM, enabling efficient rock drilling in diverse geological conditions. Interchangeable Drill Bits: ...

Powered by eco-friendly engines and integrated with smart monitoring technology, our rigs set the standard for productivity and sustainability. Trust Digidian Machinery to drive your drilling ...

Sunward SWDR180B DTH drilling rig is robust performance in hard rock, fuel efficiency, wide drilling range & versatility, and easy maintenance.

FEATURES 1. It is equipped with a 60kw all-diesel engine. 2. Rubber track, easy to drive on the job site, and cheap. 3. Full hydraulic, hydraulic motor, hydraulic arm, hydraulic outrigger. 4. ...

180 trailer down-the-hole drill rig

The JXY180 trailer mounted water well drilling rig is equipped with wheel running gear and hydraulic oil cylinder pillar, transferring, convenient and easy to drill ...

TWD180 Trailer Borehole Well Drilling Rig for Water Well is equipped with wheel running gear and hydraulic oil cylinder pillar, transferring, convenient and easy ...

RUIFAN water well drilling rig uses full hydraulic control, and the Top drive to drive the rotation of drilling tools with very high drilling efficiency. There are 180, 200, 300, 350, 400, 500, 600, 800 ...
