

A second-hand water well drilling rig costs tens of thousands of yuan

How much does a drilling rig cost in 2025?

Here's a table comparing the costs to buy new, buy used and rent a drilling rig in 2025: The cost of buying a new drilling rig ranges from \$3-4 million for basic land rigs to over \$1 billion for advanced offshore rigs.

How much does it cost to drill a well?

For example, drilling a horizontal well can cost over \$4 million and take about three weeks. Another big expense is labor. The job needs skilled people, with 40-50 companies often involved. Getting the site ready can cost over \$400,000. Moving and setting up the rig can cost between \$100,000 and \$350,000, depending on how far it needs to go.

Should you buy a used drilling rig?

The used drilling rig market is a cost-effective option for operators. Prices change based on age, condition, and demand. On average, machines stay listed for 180 days on used equipment websites. When looking at a used rig, buyers need to think about maintenance costs. These costs can be quite high.

How much does a drilling rig make a day?

Offshore drilling rigs typically earn between \$200,000 and \$600,000 per day, depending on the type of rig, location, and market conditions. Deepwater rigs and those operating in harsh environments generally command higher rates. What are the costs of drilling?

Why do drilling rig prices fluctuate?

Drilling rig prices fluctuate based on factors like oil and gas industry demand, global energy prices, and environmental regulations. Costs of specialized equipment and advancements in drilling technology also impact the market. Consider getting a professional drilling rig appraisal to obtain the most accurate valuation.

How much does oil & gas drilling cost?

Knowing these helps you plan your budget for oil and gas projects. Onshore drilling costs between \$200,000 and \$310,000 per day. This price covers basic rig work but doesn't include extra services. Labor costs are a big part of this expense. Offshore drilling is pricier, costing \$600,000 to \$800,000 daily.
