

Acker xls drill rig

How can I get a quote for an Acker drill rig?

To request a quotation for an Acker drill rig, contact an Acker representative at 800-752-2537 or e-mail at sales@ackerdrill.com. In stock and ready for delivery is a 2018 Acker REBEL Track-Mounted Drill Rig.

Is the soil-XLS a good drill?

The SOIL-XLS has cemented its reputation as a workhorse of production drillers globally. With its rugged build, versatility, and size that allows it access through tough terrain, it is not uncommon to find the SOIL-XLS in spots few drills dare to go...and produce. What separates the SOIL-XLS?

How much torque does a drill rig have?

This drill rig has 12,000 foot pounds of torque enabling it to drill with up to 12 V4-inch diameter hollow stem augers capable of sampling soils and rock coring up to a depth of 1,000 feet, installing 2-inch and 4-inch diameter monitoring wells and recovery wells to 10-inch diameter.

How deep can a reichdrill rig Drill?

The Reichdrill is a powerful air rig with a 900 CFM and 350 PSI compressor. The rig is capable of drilling a 6-inch diameter hole to a depth of approximately 2,000 feet, or an 8 inch up to 16 inch diameter hole to a lesser depth. Talon has drilled bedrock to a depth of 1450 feet for a geothermal heat ground loop and the rig will do more.

How deep can a talon rig Drill?

Talon has drilled bedrock to a depth of 1450 feet for a geothermal heat ground loop and the rig will do more. This rig is capable of drilling auger, air, and mud rotary without a tag a-long compressor. Utilizing its large onboard air compressor, it's able to switch between hollow stem auger and rotary drilling in minutes.

Which drill rig is best for the Mid-Atlantic region?

This drill rig is extremely useful in the Mid-Atlantic region where there is often a need to install and sample wells through overburden into rock. Talon's Mobile B-90 is one of the only rigs of its kind with its capabilities in the entire country.

As the heir to our popular SOIL-XLS drill rig, the Acker REBEL XL continues its legacy with added features and a new mid-sized track system. Like all Acker ...

For drilling, we utilized our Acker XLS, which we love for its reliability, speed, and efficiency. We're running projects like this every single day with 7 to 8 rigs in operation.

For drilling, we utilized our Acker XLS, which we love for its reliability, speed, and efficiency. We're running projects like this every single day with 7 to 8 rigs in ...

Acker xls drill rig

The Soil-XLS is an all-hydraulic, high-torque drill rig specifically designed for fast and economical soil investigation, ground water monitoring and core drilling with multiple mast ...

What separates the SOIL-XLS? Drill Head offers "Best of Both Worlds" for high-torque needed for augering and high RPM needed for coring, making it the preeminent multipurpose drill rig. 5 ft. ...
