

Adr drilling rig

The ADR azimuthal deep resistivity service provides additional benefits when run in combination with the RoxC ® geosteering software, allowing geosteering ...

A strong indication of this is the significant variation observed in measured drilling parameters when constant ADR setpoints are used. In the ...

The ADR 1500S pad drill rigs in the Montney area are Ensign's next generation of automated full-sized walked rigs. Each rig will generate ...

ADR® Our electric ADR® drilling rigs are smaller than other drilling rigs in the same horsepower category, and through efficiencies, reduce the overall time, energy and resources needed to ...

Obadare drilling rigs and workover/completions rigs are designed and built in Toowoomba. Both our drill and workover rig designs are ideally suited for CSG ...

Here is one of our high-spec ADR 1500S on the move! One of the major step changes in our industry was the shift to horizontal drilling capability leading to pad drilling, whereby we can ...

An automated drill rig (ADR) is an automated full-sized walking land-based drill rig that drills long lateral sections in horizontal wells for the oil and gas industry. [8]

Approximately half of Ensign's current global fleet are automated drill rigs. Compared to conventional drilling rigs, the ADR 1500S is safer to operate, offers enhanced controls ...

Our rig fleet is strong: our technically advanced ADR® rigs - with the horsepower ranges our customers need - are ready to serve all of our markets for many years to come. over the past ...

These contracts are for our ADR-2000 HP Super-Spec rigs, one of which is owned 100% by Ensign, and one of which is owned 60% by Ensign through a joint venture (JV), ...

A global leader in drilling and servicing wells, Ensign works in the world's most extreme conditions. We offer powerful solutions through our expertise and a ...

The ADR range is defined as 20% of the designated class life. For example: If the designated class life of a drilling rig is 10 years, the ADR range would be from 8 years to 12 years. The ...

The additions announced Monday will bulk up the Calgary driller's new-build order sheet to 34 new ADR

Adr drilling rig

drilling rigs to be delivered by the end of ...

A new ADR (automated drilling rig) for Ensign Canadian Drilling also features an EXI model top drive. Rig 126 is a pad rig that can drill single, double or triple stands and is capable of self ...

Here is one of our high-spec ADR 1500S on the move! One of the major step changes in our industry was the shift to horizontal drilling capability leading to pad drilling, whereby we can drill multiple wells in ...

The ADR (Automated Drill Rig) 1500S is Ensign's most powerful next-generation of automated full-sized walking rigs. Ensign will roll out 24 of these new ADR 1500S rigs over the ...

This advanced rig builds off-line double or triple stands while the rig is in full operation, with the ability to move to new well sites faster than other full-sized drilling rigs." ...

When we launched our proprietary Automated Drill Rig (ADR®) in 1995, it was a fundamental advancement in drilling technology. Every year since, we have refined our ADR technology, ...

An Ensign rig was the first to incorporate a portable top drive on a land rig in 1994. In 2000, the driller developed a high spec technology rig, ...

Rig 965 is an ADR-1500 model triple rig with a 750,000 lbs hook load. This rig will reduce drilling time from previous campaigns and run 5 ½" ...

The latest breed of our legendary ADR® is a more powerful, agile rig to drill long lateral sections in horizontal wells and execute rapid moves from pad to pad.

DRILLING A global leader in technology, expertise and service delivery. WE KNOW THE DRILL. fAlways close to the action We've drilled in remote ...

Ensign is a global leader in drilling for oil, gas and mining services. They offer a fleet of technologically advanced rigs and drilling services to provide customized solutions. Ensign ...

Introducing Ensign 535: Our First AC ADR 300 Pad Rig in Canada! Say hello to the future of drilling! Ensign 535 is the very first AC hydraulic rig in Ensign's Canadian fleet, and it's ...
