

American pneumatic rock drill

What is a pneumatic rock drill?

A pneumatic rock drill is a kind of percussive drilling machine powered by compressed air. According to the propulsion mode, the equipment can be divided into handheld rock drilling equipment, air leg rock drilling, telescopic upward rock drill, and guide rail rock drilling machine.

What is the lightest American pneumatic drill?

The Model 137 and 155 are also available in wet drill models when dust suppression is required. Weighing only 9 lbs, the APT Model 109 Rock Drill & Utility Drill is the lightest tool American Pneumatic makes. It is ideal for drilling holes for anchor bolts as well as small dowel hole drilling.

How much does a pneumatic rock drill weigh?

The pneumatic rock drill (American Pneumatic Tool, Model APT-115; 8.6kg; 48Hz percussion frequency) is toward the low end of the weight range of rock drills. For each study, the drills were fitted with new 19mm diameter 2-carbide tipped bits of similar mass (Hilti TE-Y for the electric drill and Crowder WB77-750-14 for the pneumatic tool).

How loud is a pneumatic rock drill?

INTRODUCTION The pneumatic rock drill is one of the most severe noise sources in the mining industry. A 1971 environmental noise survey in 21 coal mines by the Bureau of Mines revealed that pneumatic rock drilling for the installation of roof bolts exposed individuals to the highest sound levels observed, a range of 104 to 118 dbA (7).

How do I choose a pneumatic rock drill?

There are many things to consider when choosing a pneumatic rock drill, as drills come in several weight classes and sizes. The smallest pneumatic hand drill weighs in around 8 pounds while the largest sinker drills can weigh in near 70 pounds. The first thing you want to determine is the hole diameter and depth you want to reach.

How powerful is a PT M109 Rock Drill?

With 2,100 to 3,400 BPM and an attachable APT valve, our tools can be used in wet or dry environments and are powerful enough for all your drilling needs! Lightweight and easy to handle, the APT M109 rock drill is perfect for drilling anchor bolt holes and small dowel holes.
