

Asphalt core drill rig drilling equipment trailer

CME trailer mounted drills 45B, 45C, 55, 55LC, 55LCX are efficient auger, core, rotary rigs for geotechnical, environmental and mineral exploration.

The gasoline engine powered Trailer Mounted Coring Drill is mounted on a single axle custom trailer with a built in 200 gallon water supply tank. The trailer has a 3500 lb. rating and is ...

About Hitch-Mounted Core Drill Machines In the dynamic world of construction and utility industries, the versatility and efficiency of equipment can significantly impact project timelines ...

Gasoline or electric-powered core drilling machines for asphalt and concrete materials offer easy portability and set-up, fast drilling, and low bit wear for the lowest cost per core.

The T3P is a petrol/gasoline/benzine powered and very mobile self contained towable hydraulically driven diamond drilling trailer, especially suitable for taking core samples from ...

The portable drilling machine LT-AS0013 is designed to cut core sizes up to 200 mm in diameter from concrete, asphalt and similar hard building materials. It is extremely robust, heavy duty, ...

Pavement coring The fixed vertical feed frame of the CME-45B makes it an ideal machine for pavement coring work. The optional pavement coring guide with ...

Core drills for rent at Herc Rentals. Explore drills with diamond coating that makes our core drills ideal for cutting into any material. Rent yours today.

The CEDIMA drill trailers are ideal for taking cores from asphalt or concrete surfaces. On airfields the drill trailers are used for drilling holes for flush-lights ...

Heavy Duty Coring Trailers are self contained coring machines that provide a rigid and stable drill platform for all types of coring in a wide variety of asphalt and concrete surfaces.

Portable Asphalt and Concrete Core Drill Description Used to take core samples from the asphalt and concrete. The machine is designed to be portable and easily carried in a pick-up car. ...

The SIMCO 255 PTC pavement core drilling rig is backed by the best warranty in the drilling industry. Due to its compact size and weight this rig can be ...

Asphalt core drill rig drilling equipment trailer

Core drilling equipment you can depend on We also carry a selection of WEKA diamond core drill rig motors. WEKA drill motors are manufactured to exacting specifications in Germany, so they ...

Hand-held, portable, ultra lightweight core drilling machine, gasoline powered; just add gasoline and water and start drilling. Perfect for road, bridge and fencing ...

The T4L is a lateral moving drill motor petrol/gasoline/benzine powered and very mobile self contained towable hydraulically driven diamond drilling trailer, especially suitable for taking ...

Provides exceptional solution for remote locations. 5' x 8' steel-construction trailer, equipped with electric brakes and pre-wired for brake and tail lights. This ...

Portable UTAS-2105Core Drilling Machine is designed to cut cores up to 150 mm diameter from concrete, asphalt and similar hard construction materials. The machine comprises a vertical ...

The XCalibre T5L is a compact and rugged trailer drill rig with 350mm of lateral drill movement and a 700mm drill stroke, which is ideally suited for producing ...

18in Drilling Strap Wrench removes and connects with ease the diamond core bits from the spindle of the Core Drills without damaging the equipment. Masonry Saws are available in ...

This complete stand-alone core drill rig offers field independence, versatility, dependability, and easy single-person operation. Provides mobile yet very ...

Core drill rigs, also known as core drilling rigs, are specialized machines used to extract cylindrical samples (cores) from various materials such as rock, soil, concrete, and asphalt.

Heavy Duty Coring Trailers are self contained coring machines that provide a rigid and stable drill platform for all types of coring in a wide variety of asphalt and concrete surfaces. The ...

Portable UTAS-2105Core Drilling Machine is designed to cut cores up to 150 mm diameter from concrete, asphalt and similar hard construction materials. The ...

All weights and specifications are only an indication of the sizes and range of options available. Drill heads may also be supplied as hand held diamond or ...

The T1P is a petrol/gasoline/benzine powered self contained towable hydraulically driven diamond drilling trailer, especially suitable for taking core samples from asphalt or concrete roads or for ...

Humboldt's Core Drilling products included drills, bits and accessories. These core drill machines are able to

Asphalt core drill rig drilling equipment trailer

extract samples from both concrete and asphalt.

B. Core Drilling & Equipment Here at Traxx we have a complete range of alu-modular core drilling systems, accessories and core drill motors. Our drills are capable of drilling holes of multiple ...
