

Atlas hydraulic down-the-hole drill rig

What is Atlas Drilling?

Atlas Drilling, LLC is an independent oil and gas drilling contractor based in Woodward, Oklahoma with 10 drilling rigs in the Anadarko and Arkoma Basins. Our diverse rig fleet allows our clients to choose the right equipment to meet their needs. Atlas Drilling operates rigs capable of drilling depths ranging from 7,000 ft. to 25,000 ft.

How deep can Atlas Drilling rigs drill?

Atlas Drilling rigs are capable of drilling depths ranging from 7,000 ft. to 25,000 ft. Our goal is to drill wells in less time and as efficiently as possible, while not compromising our commitment to both safety and the environment.

What is Atlas downhole technology?

Atlas Downhole Technology rents and sells Atlas high performance drilling motors to the North American oil and gas market. Engineered to be the most powerful high performance drilling motors on the market, the proprietary design of Atlas motors deliver more torque to the bit to drive faster penetration rates.

Who sells high performance drilling motors?

Contact us Atlas Downhole Technologies rents and sells high performance drilling motors to the North American oil and gas industry. Atlas motors are proven to drive drilling performance.

How many holes can a T4W drill?

The final element in the T4W's balanced drilling system is the circulation component which includes either a 1070/350 or a 1250/350 screw compressor. This covers the range of 6 in. /152 mm holes up to 12 in. /305 mm holes, or larger, with rotary or DHD drilling methods.

What is the best Waterwell rig?

Still the leading waterwell rig in its class after 40+ years, the Atlas Copco T4W sets the standard. With over 2,500 rigs built and still working, it has the undisputed reputation for high production rates and a long, trouble-free life.

Atlas Downhole Technologies rents and sells high performance drilling motors to the North American oil and gas industry. Atlas motors are proven to drive ...

PowerROC D45 is equipped with an onboard Atlas Copco C146 compressor delivering 225 l/s of air up to a pressure of 17 bar for high penetration rate and strong flushing, helping to ensure ...

The ROC L6 series can be equipped with a range of Atlas Copco down-the-hole (DTH) hammers well known for their high performance in terms of speed, reliability and longevity.

Atlas hydraulic down-the-hole drill rig

Power and productivity ROC L625 and L630 are high-capacity down-the-hole crawler drills primarily designed for quarry blast hole drilling in virtually all types of rock formations for ...

Crawler Hydraulic Down the Hole Drill Rig with Dust Collector Made by ATLAS COPCO Joint venture subsidiary, A7 hydraulic down-hole drilling rig is a multi ...

Crawler Hydraulic Down the Hole Drill Rig with Dust Collector Made by ATLAS COPCO Joint venture subsidiary, A7 hydraulic down-hole drilling rig is a multi-functional drill rig driven by ...

In 2012 a directional drilling system for down-the-hole (DTH) pneumatic percussion drilling tools patented by Atlas Copco was successfully used by directional drillers throughout the gas plays ...

Intelligent, automated and future-proof The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Give your operation the chance to profit from the ...

Crawler Hydraulic Down the Hole Drill Rig with Dust Collector Made by ATLAS COPCO Joint venture subsidiary, A7 hydraulic down-hole drilling rig is a multi-functional drill rig driven by ...

Buy ?<3 Inquiry Atlas Gear Hydraulic Pump Rock Universal Kobelco Down-the-Hole Drill Rig Epiroc online today! Dear Sir/Madam, Thank you for visiting our store! ?The quality of our ...

Toe hole drilling capability, option o Heavy duty track frames with triple grouser pads and Hydraulic operated rotary head cleaning holes, hydraulic track oscillation and two speed Break ...

Designed for productivity The Atlas Copco DM30 II is a crawler mounted, hydraulic tophead drive, multi pass rotary drilling rig featuring a 30 ft (9.1 m) drill pipe change and a standard 4-rod ...

Power Technique products Find full details of the product you are looking for by drilling down through the images below, or click on the magnifying glass above to search for the type of ...

Surface drill rig for construction, mining and quarrying High production rate Extremely versatile Easily transportable A highly adaptable drilling rig Product ...

PowerROC D45 is equipped with an onboard Atlas Copco C146 compressor delivering 225 l/s of air up to a pressure of 17 bar for high ...

The AirROC D35* is the smallest and most popular of our crawler mounted, Down-the-Hole drilling rigs. This robust pneumatic rig is self propelled, easy to operate and simple to maintain. ...

Product Description Atlas Copco A7 Down The Hole Crawler Hydraulic Drilling Rig Made by ATLAS

Atlas hydraulic down-the-hole drill rig

COPCO Joint venture subsidiary, A7 hydraulic down-hole drilling rig is a multi ...

In the world, there are hundreds of players, who making the Drill Rigs from one century ago. Their drilling machine cover almost all drilling ...

The DM30 II is a crawler-mounted, hydraulic tophead-drive rig that's suitable for a variety of multi-pass rotary and DTH drilling applications. It can achieve a clean hole depth of 28 ft (8.5 m) in ...

The Atlas Copco T4BH is synonymous with mobility, power, performance, and productivity. Mounted on a custom carrier, the T4BH is designed to perform in rough terrain and has been ...

The purpose of this brochure is to assist our customers in selecting the most suitable Rock Drilling Tools for their specific demand. Most of the equipment displayed in this brochure will work for ...

Atlas Copco's AirROC D35 is a hydraulic crawler drill rig for core drilling. It offers a hole diameter of 76-115 mm and is ideal for various drilling tasks. New ...

The PowerROC D45 can be equipped with a range of Atlas Copco down-the-hole hammers which are well known for their high performance in terms of ...
