Does Bass Pro Shops Eze drill Pro have a ring?

The Bass Pro Shops Eze Drill Pro comes equipped with flat blades and a metal ring that prevent sticking while drilling. The sharp, center-point blade delivers fast, efficient hole-punching performance.

What equipment do you need for a percussive/drill & blast operation?

From hand-held drill steels and bits to a complete selection of rods, couplings, and adaptors, we provide complete solutions for any percussive/drill and blast application. The right equipment is critical whether a mining operation is in the development or production stage.

What size drill chuck do I Need?

For user comfort, the height adjusts to an overall height of 34", 38", or 41" and is capped with a safety flange to prevent the unit from dropping through the ice. For best results, we recommend using: a drill with a side stabilizer arm, 1/2" drill chuck, 18V/4amp lithium battery or higher, and a 450 rpm minimum. Weighs just 7 pounds.
