

The Bauer drilling rig stand for multifunction equipment for a variety of foundation construction systems. The selection between two model ranges allows an optimum choice for differing ...

BAUER BG 28 H Rotary drive: 280 kNm Max. Pipe Diameter: 1600 mm Weight: approx. 89 t Carrier: BT 75 Engine: CAT C 9.3, 310 kW Rental Inquiry Technical data Rental - BAUER ...

The Bauer BG 25 C rotary drilling rig has an operating weight of approx. 74, 000 kg with a torque of 245 kNm and is ideally suited for drilling cased boreholes ...

The BAUER BG ValueLine The BG ValueLine Perfection is achieved when there is nothing left to take away. Drilling uncased deep boreholes stabilized by drilling fluid, or drilling cased ...

The BG 28 H features BAUER's award-winning B-Tronic System - a one-of-a-kind feature that allows the operator to view parameters including torque, ...

machines Bauer Maschinen has built since the first rotary drill rig BG 7, many of them are in Siberia as well as in the desert. State of the end-to-end by our inhouse engineers and full ...

OVERVIEW New BAUER BG 45. The drill rig is setup to handle 32.8 ft (5m+5m) of mast extensions. It is pre-equipped for drilling in Kelly, Continuous Flight Auger (CFA), Full ...

BAUER Maschinen GmbH More than machines: Competent consulting Quality is not an act, it is a habit. Of the thousands of machines Bauer Maschinen has built since production started in the ...

Bauer is a world market leader in the Equipment segment and provides a full range of equipment for specialist foundation engineering as well as for the exploration, mining and extraction of ...

BG 20 H The BAUER BG ValueLine The BG ValueLine Perfection is achieved when there is nothing left to take away. Drilling uncased deep boreholes stabilized by drilling fluid, or drilling ...

Our multifunctional BG 45 BS 95 is suited for Kelly drilling, soil mixing techniques and for soil improvement. All details can be found in the overview.

Crowd winch type The BG 25C rotary drilling rig has an operating weight of approx. 74 to and a torque of 245 kNm. It is ideally suited for: Drilling cased boreholes (installation of casing by ...

Large drilling diameters and drilling depths? No problem for the robust V-line drilling rigs from Bauer. All

Bauer bg 28 drill rig size

models and technical data at a glance.

Maschinen machines: machines Bauer Maschinen has built since production first rotary drill rig BG 7, many of them are still in operation Siberia as well as in the desert. State of the art ...

The Bauer BG 28V is optimized for a variety of drilling techniques with increased efficiency that leads to higher productivity and lower fuel consumption. The ...

The Bauer Equipment BG40 is a 54-ton track mounted vertical drill rig used primarily for large diameter drilled shafts, deep soil mixing, cased secant piles, ...

The BG 28 rotary drilling rig has an operating weight of approx.. 95 t. It is ideally suited for: FDR Full-Displacement-Pilling (pre-equipped with hydraulic and electric installations). 2.

Drilling Rigs and Duty Cycle Cranes Together with our subsidiaries we manufacture equipment and tools for specialist foundation engineering ...

Bauer drilling tools have been developed from practical experience and optimized for penetrating different types of ground - from loose soils to hard rock. As a result, our drilling tools offer ...

You are drilling uncased deep boreholes stabilized by drilling fluid, or cased boreholes either with installing casings by the rotary drive or by a hydraulic casing oscillator?

Bauer casings are used for stabilizing boreholes in unstable soil formations. They are designed specifically for the transmission of high torques and crowd forces generated by BG rotary ...

Bauer casings are used for stabilizing boreholes in unstable soil formations. They are designed specifically for the transmission of high torques and crowd forces ...

1. Interlocking Kelly bar 2. KR Drill - Characteristic Materials---What we agree with ? A-We fully understand that the Materials is the first key step to make the good Kelly bar, so strictly control ...

Our multifunctional BG 36 H BS 95 is suited for Kelly drilling, soil mixing techniques and for soil improvement. All details can be found in the overview.

If Kelly drilling is your task, then the drilling rig KellyLine is your solution. The machines of the KellyLine are specifically adapted to no other purpose than Kelly drilling - and that perfectly.

Bauer BG 28 The BG 28 is one of our versatile big size hydraulic and rope printing machines with a working weight of about 115 tons. It is the most useful machine for medium and large ...
