

Bauer rotary drilling rig spare parts wholesaler

How do I order spare parts for my Bauer equipment?

Reliable spare parts supply and professional maintenance: Call us 24/7 on +800 1000 1200 Order spare parts for your Bauer equipment conveniently from our online customer portal. Register or log in now! Find the right drilling tool in just three steps with our Dritoc drilling tool configurator!

What is a Bauer rig?

To meet those challenges, Bauer Maschinen offers deep drilling rigs with hook load capacities up to 450 tonnes, enabling vertical and directional drilling down to depths of more than 7,000 metres. Beside the Bauer standard advantages like enhanced rig availability, redundancy of key systems, increased efficien-

Where are Bauer drilling tools made?

Drilling tools for Bauer large-diameter rotary drilling rigs are manufactured in Kuala Lumpur. Singapore is the base for the Far East repair and general overhaul centre. With its acquisition of Pileco in Houston, Texas, Bauer took the first step to establishing a production location in the USA.

Does Bauer offer a changeover tool?

In addition, we offer you the matching changeover tool for every Bauer original wear part. As reliable as new parts: For some of our spare parts, it is possible to acquire overhauled parts at more economical conditions instead of new parts. When offering new parts, we would also be happy to offer you the more economical alternatives.

What are Bauer original drilling tool wear parts?

Bauer original drilling tool wear parts were developed in active use, and for active use. They are characterized by top quality, carbide inserts with the highest manufacturing quality, a simplified (and thus time-saving) tooth changeover and enhanced stability thanks to perfected mount shape.

How do I ensure optimal performance with my Bauer equipment?

To achieve optimal performance with your Bauer equipment for as long as possible, we put together individual spare parts and maintenance packages for you. Maintenance packages include all standard components for carrying out the required regular maintenance intervals.

Whether you operate rotary drilling rigs, diaphragm wall equipment, or foundation machines, our Bauer spare parts ensure maximum productivity and reliability on every project.
