

Boart longyear diamond drill rigs

Configurable for various drilling techniques in exploration, geotechnical or construction, our heavy-duty multipurpose drilling equipment has proven itself ...

Ideal for drilling deep holes, the LM110 is the most powerful Boart Longyear underground diamond coring drill rig to date. Equipped with a 110-kilowatt power pack, the LM110 delivers up to 33 ...

The LM(TM)55 is a compact drill rig for underground diamond coring with a 55 kW electric motor. Its size and power make it a versatile drill for confined locations ...

By continuously investing in developing and building new, efficient and safe diamond coring rigs and equipment, you can count on Boart Longyear for ...

The LM(TM)90 is the largest Boart Longyear underground diamond coring rig and is suited for drilling deep holes. Equipped with a 29,000-lb feed frame, this drill ...

Boart Longyear offers diverse underground coring drilling solutions utilizing modular coring rigs and mobile platforms to safely and efficiently move ...

Full hydraulic underground drill rigs are three (3) Boart Longyear LM 90, three (3) LM 55a, four (4) Kempe Pneumatic Drill and one (1) Meter Eater short stub ...

Skid based shack Track mounted Truck mounted Platform mounted Characteristics Tested to 11,187 feet or 3,409 metres (Boart-Longyear NRQHP 3M V-Wall drill rod) Pull Capacity: ...

LM rigs provide reliable, high-performance deep-hole drilling and are economical because of their modular design. The LM rigs are made up of ...

Designed for drilling deeper holes, more productively. Powered by a new 110kW power pack, the LM110 offers the greatest depth capacity and functionality.

Full hydraulic underground drill rigs are three (3) Boart Longyear LM 90, three (3) LM 55a, four (4) Kempe Pneumatic Drill and one (1) Meter Eater short stub drill; while

Boart Longyear developed the wireline core retrieval system in 1958 and was the first diamond drilling exploration product manufacturer to offer this ...

Rig Source"s partnership with Boart Longyear enables us to offer you the best drill rigs at the best prices.

Boart longyear diamond drill rigs

Below are a few of the models of Boart Longyear drill ...

Drilling Equipment Terra Drilling operate 8 drill rigs including four truck mounted Boart Longyear KWL 1600 and four environmentally friendly Hanjin 35 Multi track mounted drill rigs. Hanjin 35 ...

Longyear, a member of the first graduating class at the Michigan Mining School, sank the first diamond drill hole on North America's Mesabi ...

The company expanded rapidly in the U.S. and overseas in the 1920s, providing diamond core rigs for Phelps Dodge to explore for copper in Arizona and drilling projects in Cuba and China.

Considerations and common pitfalls in drill pad planning, which is critical to the mobilization of the drills and crews that complete drilling projects.

Alton Drilling, New Zealand's largest drilling contractor reported 90 703 (297 582 ft) diamond drilled meters and 31 864 m (104 541 ft) achieved ...

The applications for which Boart Longyear provides solutions include surface and underground coring rigs, multi-purpose rigs that can be configured for both diamond core and reverse ...

Under no circumstances should any acid be used for sharpening a Boart Longyear(TM) impregnated bit. Also, shutting off the water flow while ...

Geotechnical rig capable of wireline and conventional coring, as well as DTH, rotary and auger drilling methods. Upgraded mast for higher depth capacity.
