

Brazil mountain-opening integrated down-the-hole drill rig

It is the most silent and ergonomic cabin across down-the-hole (DTH) drill rigs. Machine information is integrated on one touch display and a trainer or service technician can fit behind ...

The machine is capable of drilling multiple holes in a single shift, reducing the time and cost of drilling. It also has a low maintenance cost, which further contributes to its cost-effectiveness.

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework ...

The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet the needs of large open-pit mines. Its travelling, ...

Robust design is built to last and adds safety to daily work. An accurate control system with simple icon displays makes drilling easy. Clear gauges for drilling ...

KT12 Integrated Down the hole Drill Rig The KT12 integrated down the hole drill rig is driven by a Cummins China stage III diesel engine and the two-terminal output can drive the screw ...

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

KT5D Integrated Down The Hole Drill Rig For Open Use can drill vertical, inclined and horizontal holes, used for drilling and pre-splitting holes in open pit mines and stone works, etc.

35m depth kt25 Efficient dust collection system dth Blasting hole integrated mine drill rigs for open Use mining KT25 open-pit down-the-hole drilling rig is a new ...

The KT7D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

ZT10 Integrated Down the hole Drill Rig for Open Use The ZT10 integrated down the hole drill rig for open use is an advanced piece of drilling equipment developed by Kaishan Group to meet ...

The D470A down-the-hole open pit drill rig, crafted for challenging conditions and strenuous tasks, is ideal for extensive rock drilling, excelling in everything from pre-split to ...

Brazil mountain-opening integrated down-the-hole drill rig

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of ...

The KT7C high air-pressure down the hole drill rig for open use is an advanced drilling device integrating a down the hole drilling system and screw air ...

The ZT10 integrated down the hole drill rig for open use is a new drilling device developed by Kaishan Group after years of development and production of down the hole drill rig to meet the ...

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast ...

Leopard(TM) DI550 diesel-powered, down-the-hole (DTH) drill has enhanced mobility, a smaller footprint and can serve multiple sites. Designed for DTH ...

This integrated down the hole drill rig combines air compressor and drilling functions, perfect for DTH boring machine operations in mining.

The KT20 integrated down the hole drill rig for open use is a new drilling device developed by our company after years of development and production of ...

Multifunctional Drilling Rig is a high-performance, multi-purpose machine designed to meet demanding drilling needs across various terrains and applications. Capable of operating with ...

KAISHAN KT11 Integrated Down the hole Drill Rig offers high efficiency and reliability for mining projects. With a drilling diameter of 100mm and a depth of 25m, it is perfect for various industries.

The KT7C Integrated Open-Air Down-The-Hole Drilling Rig Is Advanced Drilling Equipment That Integrates The Down-The-Hole Drilling System And The Screw Air Compression System. It Is ...

The KT9D integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system,It is capable of drilling ...

Discover the impact of Down the Hole Hammers (DTH hammers) in urban redevelopment projects. Learn

Brazil mountain-opening integrated down-the-hole drill rig

how these specialized tools enable ...

As one of the leading integrated open-pit down-the-hole drill rig manufacturers and suppliers in China, we warmly welcome you to wholesale integrated open-pit down-the-hole drill rig in ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is compact in structure and mobile ...

KT15C integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

Products Description The KT15 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre ...

Products Description The KT25 integrated down the hole drill rig for open use can drilling vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre ...

The KT11 integrated surface DTH drilling rig utilizes a single Cummins three-cylinder diesel engine with dual-end output, simultaneously driving both the screw compression system and ...
