

Canadian diesel air compressor rental

Where can I rent an air compressor?

Herc Rentals is your one-stop headquarters for an air compressor rental for remote jobsites and other locations. Tools, equipment and accessories are also available. We offer towable air compressors in various configurations and power output capacities to meet your company's requirements.

Why should you rent an air compressor & air tools equipment?

Compressor and air tools equipment rentals can serve numerous industries. An air compressor can assist with many tasks around a farm, such as transporting feed from storage to the feeding area and powering water pumps.

What is a diesel driven compressor?

Diesel driven compressors are the ultimate play and play compressed air solution. There is no need for electric connections, as soon as the compressor is connected to your operations, you can restart. A Variable Speed Driven compressor will require less energy and might be a better fit for your available electric grid.

What tools can a air compressor power?

Air compressors can power various tools, many of which are available from Herc Rentals. Examples of our pneumatic tool rental inventory can include: Air impact wrenches: This efficient tool uses compressed air to deliver high torque for tasks like loosening and tightening fasteners and driving screws into metal or wood.

What is a compressed air lease?

Typically, compressed air installations are configured to cater your peak demands. When your compressed air demands fluctuates significantly (eg due to peaks, projects, seasonality...) you can consider a (partial) compressor lease. This limits the costs of ownership: depreciation, maintenance, downtime...

Why should you choose a mobile air compressor?

Mobile air compressors are designed to operate in various circumstances: various ambient temperature, high humidity; dust... Consider a contingency plan: whenever an emergency should happen, the right configuration can be installed in record time. A lot of organizations have chosen for temporary compressed air rental solutions from us!
