

Cat underground drill rig

Cat's underground loaders are built to stand up to the harsh, unique challenges of underground mining, doing everything from increasing productivity and efficiency to improving safety.

Rotary Drill Rig simulators As the first stage of most mining processes, successful drilling sets your operation on course for productive and profitable mining. ThoroughTec's Cat Rotary Drill ...

Every underground mining operation requires a fleet of machinery. Part of this fleet will include loaders, tool carriers and underground drilling machinery.

Cat GET for Mining Drills Cat's GET for mining drills maximize the speed and efficiency of your drilling. We deliver efficiency so you can too.

Toromont Cat offers a range of underground mining equipment from both Cat and Elphinstone, including underground loaders, underground trucks, and innovative haulage systems to suit ...

22 CATERPILLAR Drills available now! Find new & used CATERPILLAR Drills for sale near you from top models MD5090, MD6200, 320FL, and more at MachineryTrader

Cost-effective, high-precision drilling gets your whole mining value chain off to a good start. And Cat MineStar Solutions can help. MineStar technologies for drilling help you achieve excellent ...

The MD5150C track drill, the first of the C Series drills, features Cat components. It delivers optimal power and high airflow for fast, efficient drilling of holes from ...

The largest Cat drill rig, the exhibited MD6310 rotary drill shares a common platform, parts, components and technologies across the product line. Ideal for high ...

Designed for large bore hole production drilling in very hard rock, the ultra-class Cat's MD6380 provides the optimal mix of on-board air, feed force, rotary torque ...

Cat Rotary Blasthole Drill Rigs offer substantial technology, efficiency and productivity improvements to efficiently reach your mining targeted productivity rates. Learn more about ...

Cat underground loaders, trucks, continuous haulage systems and drills stand the test of time in a wide range of difficult conditions. They incorporate the latest technology and are proven to ...

Cat underground drill rig

Cat equipment is designed to lower cost per ton by providing productive and reliable performance no matter the application. Our product line is unmatched, ...

Lifting capacity is 500 lbs. (226 kg) -- powerful enough for driving pipe/casing or soil sampling with 140 lb. (63 kg) drive weight. The motorized hoist is designed ...

Production Long-hole Jumbo RAPTOR 7X Long-hole Jumbo Boom style long hole rig for large sections. HC112 Montabert drifter - 30 kW. Hole length up to ...

As drilling companies transition onshore drilling rigs to meet U.S. EPA Tier 4 Final emissions standards, the Cat 3512E Tier 4 Final Land ...

307 Wild Cat Well Service is a locally owned business based in Buffalo, Wyoming, specializing in water well services for residential and commercial customers. The company is known for its ...

The Cat^{®} MD6250 is built from the ground up with 100% Cat parts to help you get the most out of your operation. With built-in autonomous features ...

The Sandvik Drill DD420-60C is a versatile and high-performance underground drill rig designed for challenging mining environments. This drill rig is equipped with advanced technology and ...

Exploration: Underground You need underground diamond core drilling solutions for both shallow and deep hole, small and large diameter core, including ...

Production Long-hole Jumbo RAPTOR 7X Long-hole Jumbo Boom style long hole rig for large sections. HC112 Montabert drifter - 30 kW. Hole length up to 35 meter. Drill diameter up to ...
