

Chain track one meter down-the-hole drill rig

Interlocks, safety equipment and access points in- and outside the machine ensure a safer operating environment. A new single display integrates all engine and operational information, ...

P.G Drilling Equipment and Accessories, have continued to manufacture and strive to better our already impressive range of Down the hole hammers, back ...

Designed for DTH blasthole drilling in mining, quarry and construction industries, it comes with an operator's cabin, fixed boom, dry dust collector and drill pipe changer.

Rotary / DTH blast hole drill is a diesel-powered, self-propelled, crawler-mounted blasthole drill for surface mining. It is equipped for rotary with optional down-the-hole drilling power.

DTH drilling, also known as Down-the-Hole drilling, is a method used to drill boreholes into the earth's surface. This technique involves a hammer that is located behind the drill bit and is ...

The KT15C integrated down the hole drill rig for open use can drill vertical, inclined and horizontal holes, mainly used for open-pit mine, stonework blast holes and pre-splitting holes.

KT11 integrated surface DTH drilling rig is using Cummins three diesel engines as a single power, by both ends of the output at the same time to drive the screw ...

Our track rigs have been designed to service many industry sectors including; construction, mining, oilfield, dams, and pipeline investigation. The track rigs ...

Smith Capital Equipment has been manufacturing Auger and DTH drill rigs for over 4 decades and our products include augering and down-the-hole rigs. Typically these are mounted onto ...

The drill rig doesn't actually push the pipe down at all. In fact, a drill rig is a glorified crane. The weight of the drill string alone can be a million pounds ...

Once drilling starts, the Odex drill bit quickly cuts ahead of the steel casing which enables a number of "wings" on the bit to open out. The bit can now drill a hole ...

With the BenchREMOTE option, one person can safely control up to three rigs simultaneously from up to 100 meters away which dramatically increases operator productivity and takes ...

Chain track one meter down-the-hole drill rig

The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Isn't it time you gave your operation the chance to profit from the added intelligence of the ...

High Performance KG430 Crawler Blasting Drill Machine Rock Drilling Rig for Mining Kaishan KG430 25m blasting ground hole Quarry Rock DTH Mining Borehole Drill Rig With Dust ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor ...

TECHNICAL SPECIFICATION Leopard DI650i is a diesel powered, self-contained crawler mounted intelligent down-the-hole drill rig designed for demanding high-capacity production ...

RFACE DRILLS TECHNICAL SPECIFICATION Leopard DI650i is a diesel powered, self-contained crawler mounted intelligent down-the-hole drill rig designed for demanding high ...

Intelligent, automated and future-proof The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Give your operation the chance to profit from the ...

JK Drilling, a professional drilling equipment manufacturer, provides a wide range of DTH drilling rigs that feature high efficiency, high quality and high cost-performance.

The flushing drill fluid rises inside the drill rod and brings the drill cuttings to the surface. This technique can be used for soil or rock drilling. Down-the-Hole ...

Ranging in size from small, limited access drilling rigs to large platform/big performance sonic drilling rigs, our drill rigs cover a range of applications.

Down-the-Hole (DTH) drilling is a technique used to create deep, precise holes in hard rock and challenging ground conditions. In this method, ...

Our KT5C Integrated down the hole drill rig for open use is an advanced drilling device with an integrated screw air compressor system. The equipment is ...

E DRILLS TECHNICAL SPECIFICATION Leopard DI650i is a diesel powered, self-contained crawler mounted intelligent down-the-hole drill rig designed for demanding high-capacity ...

The KT5C Integrated down the hole drill rig for open use is an advanced drilling device integrating the down the hole drilling system and screw air compressor system, characterized by compact ...

The KG520/KG520H down the hole drill rig is designed for large and medium-sized quarries and contractors.

Chain track one meter down-the-hole drill rig

The drill rig features a folding frame track and ...
