

Cme d-120 drill rig

What is a CME drill rig?

Central Mine Equipment Company(CME) offers competitive geotechnical and environmental drill rigs that uphold a strong reputation for being powerful,dependable,and versatile. They are mounted on trucks,all-terrain rubber-tire carriers,track carriers with steel grousers or rubber cleats,or on skids or trailers.

Who makes CME drilling rigs?

Central Mine Equipment Companymanufactures a complete line of drill rigs for subsurface investigation in the geotechnical,environmental,mineral exploration,water well and construction industries. CME drilling rigs are multi-purpose machines built from the ground up in our Earth City (St. Louis),Missouri factory.

What is the difference between CME 55 & CME 75 drill rigs?

The CME 55 can be mounted to various styles of trucks or crawler carriers and can be offered under different name variances based on the selected mount such as CME 550 or CME 550X. The CME 75 drill rig is one of CME's larger drill rigs. This unit is known for conquering larger jobs requiring deeper drilling depths or bigger augers.

Do you sell & rent CME drill rigs?

We Sell &Rent a variety of cme drill rigs to meet your needs! Central Mine Equipment Company(CME) offers competitive geotechnical and environmental drill rigs that uphold a strong reputation for being powerful,dependable,and versatile.

Can a CME 45 drill rig fit a skid mount?

This particular model can accommodate both truck or track skid mountsfor increased versatility. Over the years,CME has adjusted the design and updated the drive systems of the 45 drills to improve end-user operation so various versions of the CME 45 drill rig will surface,including the CME-45B and CME-45C.
