

Comacchio drilling rigs italy

The Comacchio MC-28D is a versatile drilling rig designed for micropiles and anchors construction, boasting a reinforced undercarriage and adaptable mast ar ...

The Comacchio drilling rigs can be configured for single, double and triple fluid jet grouting, satisfying the most varied needs. Our offering ranges from compact models sized to work ...

The MC 22A is the new MC 22 drill rig version featuring the innovative hydraulic rod & casing carousel. The machine is completely remote controlled, thanks to ...

The result is the great versatility in the use of these drilling rigs: our fully articulated rigs cover the entire spectrum of geotechnical engineering applications (micropiles, anchors, tie rods, soil ...

Since 1986, Comacchio has specialized in the design and manufacture of hydraulic drill rigs for a wide range of applications in the field of ground engineering, geotechnics, mining exploration, ...

Crawler and truck mounted hydraulic drilling rigs with a pull up capacity ranging from 10 to 30 tonnes, designed and optimized for the construction of water and geothermal wells with the ...

The Comacchio range of geotechnical and geo-environmental site investigations equipment includes four truck mounted drilling rig models, that can be used for conventional and wire line ...

The Comacchio range includes as much as seven crawler and truck mounted hydraulic drilling rigs, with a pull up capacity ranging from 10 to 30 tonnes, developed to perform this type of ...

The Comacchio CA line of water well drilling rigs embraces an extremely diversified selection of seven models. It ranges from lightweight and small footprint units ideally suited for tight work ...

1 drilling rig, make Comacchio, model Mc 1200 crawler mounted Year of manufacture: 2008 CE certified Engine running hours: 10295 General...

by Comacchio's editorial team Established in 1986 in Italy, Comacchio is one of the world's leading manufacturers of hydraulic drilling ...

The MC 22 is the flagship drilling rig in the Comacchio range. Introduced in 1997, the MC 22 was the first drilling rig equipped with the innovative Comacchio mast articulation system.

The hallmark of our drilling rigs is the great variety of mast positions and inclinations that they are capable to

Comacchio drilling rigs italy

perform thanks to the Comacchio patented articulation system. This unique ...

Comacchio is an Italian drill rig manufacturer offering the most comprehensive product range in the industry, covering the full spectrum of drilling activities, including foundations, geotechnics, ...

Hydraulic crawler mounted drilling rigs, in a weight range from 10 to 22 tonnes, designed and built for Diamond Core Drilling (wireline core drilling) or Reverse ...

Comacchio drilling rigs are broadly used in geotechnical engineering for the installation of micropiles. The Comacchio range includes a wide choice of models, featuring a rigid and ...

CH 450 The CH 450 is the first Comacchio drilling rig for large diameter drilling. The CH 450 is the ideal solution for job sites that require fast operating times. The machine is totally self-erecting, ...

Hydraulic crawler mounted drilling rigs, with a pull up capacity ranging from 10 to 50 tonnes, configured for rotary drilling with single-head systems, designed ...

Hydraulic crawler mounted drilling rigs, with a pull up capacity ranging from 7 to 20 tonnes, configured for rotary drilling with single-head systems, able to meet ...

COMACCHIO, a world-renowned designer and manufacturer of drilling rigs, celebrated for its innovative spirit and commitment to excellence. Founded in 1986 and still family-run, ...

Roll-off system The MC 8D is a versatile and powerful hydraulic drilling rig, designed for civil engineering works such as micropiles, anchors and ground ...

foundations & ground improvement Microdrilling geotechnics & exploration Geotechnics geotechnics & exploration Exploration water well & geothermal Multipurpose drill rigs water ...

The Comacchio MC-28D is a versatile drilling rig designed for micropiles and anchors construction, boasting a reinforced undercarriage and adaptable mast ...
