

Comacchio drilling rigs

What is a Comacchio drilling rig?

Comacchio hydraulic crawler drilling rigs, truck-mounted drilling rigs for geotechnics and water well drilling, soil improvement and anchors. Italian Comacchio has been manufacturing drilling machines since 1986 and covers with their versatile range your drilling needs for foundation, water well drilling, geotechnics and soil exploration.

Why should you choose Comacchio MC line rigs?

With a view to improving productivity and safety levels, the Comacchio MC line rigs can be offered with an array of automated rods and casings handling solutions.

What is a fully articulated drilling rig?

The result is the great versatility in the use of these drilling rigs: our fully articulated rigs cover the entire spectrum of geotechnical engineering applications (micropiles, anchors, tie rods, soil nails, jet grouting) and are capable of operating in the most challenging jobsite conditions.

What is Comacchio kinematics?

This unique kinematics concept was introduced for the first time by Comacchio in 1998. It has been perfected over the years to give life to the current articulation system, which allows a 180° rotation of the mast without re-pinning of the cylinders.

What is a mi45 drill rig?

Mi45 drill rig for water wells for an Italian company producing chemicals. IQIP is proud to announce the launch of its newest Vibro-Hydrohammer solution. Mineral exploration needs increasingly advanced tools to improve efficiency, accuracy. Amid the energy transition, the exploration drilling space is set for new opportunities.

The MC 22A is the new MC 22 drill rig version featuring the innovative hydraulic rod & casing carousel. The machine is completely remote controlled, thanks to ...

Hammer & Steel sell and leases Comacchio MC 14 drilling rigs for projects including ground consolidation, geotechnical work, and anchor drilling.

Roll-off system The MC 8D is a versatile and powerful hydraulic drilling rig, designed for civil engineering works such as micropiles, anchors and ground ...

Why Rig Services? Rig Services has been operating for over 20 years and is a highly respected and experienced supplier of Comacchio drill rigs for hire on a weekly or monthly basis. With a ...

Comacchio drilling rigs

Comacchio MC 8D Drilling Rigs The MC 8D is a versatile and powerful hydraulic drilling rig, designed for civil engineering works such as micropiles, anchors ...

Hammer & Steel, Inc. sells and rents Comacchio MC 22 drilling rigs for specialized work including ground consolidation, anchor drilling, water well ...

Hammer & Steel sells and rents Comacchio MC 28 HD drilling rigs for specialized work including ground consolidation, anchor drilling, water well drilling and ...

Comacchio MC, CHF500, MC8D, MC22A, GEO305, MC4D, MC-F04, and GEO909GT drilling rigs for sale. Find drill rigs, oil and gas equipment on Machinio.

Comacchio Drilling and Pile Driving Rig Brochures The Comacchio drilling rigs are suitable for several types of specialized works including ground consolidation, anchor drilling, geotechnical ...

Separate power pack The MC 4 D is a hydraulic drilling rig with separate power pack, specifically designed for the execution of ground engineering works in ...

The Comacchio MC-28D is a versatile drilling rig designed for micropiles and anchors construction, boasting a reinforced undercarriage and adaptable mast ...

Italian Comacchio has been manufacturing drilling machines since 1986 and covers with their versatile range your drilling needs for foundation, water well drilling, geotechnics and soil ...

Jet grouting The MC 30 is a high performance hydraulic drilling rig designed for civil engineering works such as micropiles, CFA piles, jet grouting and ...

Comacchio MC Line - The basic line of multiuse rigid and articulated hydraulic crawler drilling rigs which are suitable for several types of specialized works, ...

Comacchio Drill Rigs & Drilling Tools Hammer & Steel, Inc., sells and rents the Comacchio CH, MC, and MC-E Lines of drill rigs and drilling tools.

Comacchio is an Italian drill rig manufacturer offering the most comprehensive product range in the industry, covering the full spectrum of drilling activities, including foundations, geotechnics, ...

Comacchio drilling rigs are broadly used in geotechnical engineering for the installation of micropiles. The Comacchio range includes a wide choice of models, featuring a rigid and ...

Equipped with advanced modular hydraulic circuits, the MC 28 can utilize a wide range of rotary heads, hydraulic drifters, double head systems, water and mud ...

Comacchio drilling rigs

The MC 12 is a versatile and powerful hydraulic drilling rig designed for civil engineering works such as micropiles, anchors, jet grouting and ground ...

Comacchio produces a large range of hydraulic crawler drilling rigs for many purposes, truck-mounted drilling rigs for geotechnics and water well drilling, as ...

Hammer & Steel, Inc. sells and rents Comacchio MC E-60 drilling rigs that make the perfect solution for foundation works in narrow spaces and difficult access ...

The hallmark of our drilling rigs is the great variety of mast positions and inclinations that they are capable to perform thanks to the Comacchio patented articulation system. This unique ...

Fully articulated drilling rigs in a weight range from 3 to 30 tonnes, offering incomparable versatility and high productivity. Thanks to the Comacchio patented mast articulation system, these ...

Crawler and truck mounted hydraulic drilling rigs with a pull up capacity ranging from 10 to 30 tonnes, designed and optimized for the construction of water and geothermal wells with the ...

The Comacchio range of geotechnical and geo-environmental site investigations equipment includes four truck mounted drilling rig models, that can be used for conventional and wire line ...

Our large range of automated rod handling systems has been re-engineered to meet the needs of exploration drilling. Thanks to their compact size, our rod handling systems can be entirely ...

The result is the great versatility in the use of these drilling rigs: our fully articulated rigs cover the entire spectrum of geotechnical engineering applications (micropiles, anchors, tie rods, soil ...

Thanks to the experience gained in the field alongside our customers around the world, Comacchio has developed a series of accessories and ancillary ...
