

Cs14 drill rig

RC 5000 Explorer Plus Drilling Angle : 45° to 90° | Pull back : 23,5 T | 752 meters with 4" rods | 626 meters with 4.5" rods Compressors, Boosters, Trucks, ...

Christensen CS14 Surface Core Drill Rig For Various Drilling Operations Atlas Copco CS14 : Surface core drilling rig for various drilling operations (second-hand) Christensen CS14 ...

The document provides specifications for the Atlas Copco Exploration Drilling CS14 Core Drill, including its depth capacity, hoist and wireline capacities, ...

Established in 2021 Trimac drilling is a surface exploration drilling company Operating from Ballarat Victoria, Australia. with over 20 years experience both Nationally & Internationally, We ...

Hengwang Hydraulic Drilling Rig Series Hengwang Group hydraulic drilling rig is a professional water well drilling equipment, mainly used for industrial drilling, low temperature drilling and ...

3. The drilling rig adopts two cooling methods, air cooling and water cooling, to ensure that the drilling rig can work continuously under high temperature outdoor climate conditions. 4. The ...

Drillhead and spindle speeds Power: hydraulic motor - variable speed/reversible Final drive: 4 in chain driven in oil bath - 2,5 ratio Spindle (inner diameter): 117 mm (4 5/8 in) Spindle speeds: ...

Atlas Copco CS10 Diamond Drill now available at Savona Equipment. This Christensen CS10 surface core drill rig is compact, trailer-mounted and ideal for shallow drilling down to 800 ...

High quality Christensen CS14 Surface Core Drill Rig For Various Drilling Operations Atlas Copco from China., China"s leading product market ...

Cs14 - Free download as PDF File (.pdf), Text File (.txt) or read online for free. The document summarizes the specifications of an Atlas Copco CS 10 ...

Atlas Copco CS 14 Safety And Operating Instructions Manual (14 pages) Crawler for Christensen core drilling rig Brand: Atlas Copco | Category: Construction Equipment | Size: 0.72 MB

The CS14, CS14C and CT14 represent the most flexible rig size in the Christensen range of surface core drilling rigs. The rigs differ only in their mode of transport, the CS14 being trailer ...

Christensen CS14 Surface core drilling rig for various drilling operations features a powerful feed system,

Cs14 drill rig

main winch and Tier 3 low-emission engine for ...

Core drill with 12,500 working hours Depth capacities - B wireline 1540m, N wireline 1200m, H wireline 800m, P wireline 475m Mast & feed system - Feed travel 3.5m, thrust 59.6kN, pull ...

XY-44 drilling rig is mainly adapted to diamond bit drilling and carbide bit drilling of solid bed. It can also be used for engineering geology and groundwater exploration; shallow layer oil and ...

The Christensen surface core drilling rigs have a well-earned reputation for reliability when it comes to safety and performance. Large core samples, a gear-driven rotation unit, and a ...

Established in 2021 Trimac drilling is a surface exploration drilling company Operating from Ballarat Victoria, Australia. with over 20 years experience both ...

Make: Atlas Copco Christensen Model: CS14 Year: 2012 Hours: 3530 Engine: Cummins QSB6, 7 Tier III This drill is mounted on its original trailer and is ...

Mineral Exploration / Core Drills Rigs Atlas Copco has long been revered as the leader in the core drilling industry and Rig Source is proud to offer its full line ...

The CS-14 is a powerful, trailer or trailer on skid mounted surface rig capable of accessing the most remote drilling sites. This drill has proven its reliability in the most extreme climates. The ...

Christensen CS14 is a trailer mounted medium sized core drill rig for surface exploration applications. Now manufactured in Sweden, CS14 is built on the well proven Christensen ...

Leverage SEO-optimized Flipbooks, powerful backlinks, and multimedia content to professionally showcase your products and significantly ...

Meeting the highest standards Epiroc's Christensen surface core drilling rigs have a well-earned reputation for their reliability, safety and high performance.

The CS14 represent the most flexible rig size in the Christensen range of surface core drilling rigs. Medium-sized, the Christensen 14 range is ideal for a variety ...

Christensen CS14 is a trailer mounted medium sized core drill rig for surface exploration applications. Now manufactured in Sweden, CS14 is built on the ...

Christensen CS10 is the smallest drill-ing rig in the range. Sharing many of the components with Christensen CS14, this trailer-bound drilling rig has a robust long mast that is split-able into ...

Cs14 drill rig

XY-44 coring device is a new member of the drilling rig family supplied to meet multiple drilling requirements, especially diamond drilling. It is also ...

Sharing many of the components with Christensen CS14, this trailer-bound drilling rig has a robust long mast that is split-able into three sections. This makes the drilling rig easy to transport ...
