

Customized rock blasting drilling rig

Which drill rig is best for blasthole drilling?

A combination of increased pulldown force, rotary torque, and 2600 cfm air end, the Pit Viper 291 drill rig is one of the most powerful drills for blasthole drilling. Tested and proven throughout differing regions and conditions around the world. The new Pit Viper 291 exceeds all in its class.

What size drill rig do I need?

Electric-driven rotary blasthole drill for drilling 207 mm to 406 mm (10-5/8" to 16") holes with up to 19.8 m (65 ft) clean hole single pass capability. Electric-driven multi-pass rotary and DTH blasthole drill rig for drilling up to 171 mm to 270 mm (6-3/4" to 10-5/8") diameter holes.

What are Ripamonti rock drill attachments used for?

Ripamonti rock drill attachments offer solutions for a variety of applications including Soil Nailing, Hollow Bar Installation, Compaction Grouting, Blasting, Dewatering, Anchoring, Drilling, Tiebacks, Micropiles, and More. The Speedy Drill is a highly adaptable drilling solution designed for challenging geotechnical applications.

What is a birdie drilling rig?

The Birdie is a state-of-the-art, hydraulic-powered all-in-one drilling machine designed for precision and versatility in foundation, micropile, and mining applications. Engineered for high performance, this drilling rig offers a wide range of hole sizes from 1.5" to 8" and is compatible with both 6" DTH hammers and interchangeable drifter options.

Where are Epiroc rotary blast hole drills made?

Produced out of Garland, Texas, and Nanjing, China, our machines are built in state-of-the-art production facilities and to the highest quality allowing fabrication to last through multiple repowers. Epiroc has a long history with designing and manufacturing main structures of rigs putting our rotary blast hole drills at the top of their class.

Drill Rigs Explore Gemsa's advanced surface and underground drill rigs, designed for rock blasting projects, marble, granite, and limestone quarries, as well as ...

Drilling Supply blast-hole drilling rigs are designed to suit all your drilling needs ranging from civil and construction Blast Hole Drill Rig works to heavy-duty ...

Zhejiang Kaishan Heavy Industry, part of Kaishan Group, manufactures advanced drilling equipment for mining, military, and construction. We offer safe, efficient, and customized ...

With centralized service points, easy access to key components, and a common parts philosophy, we

Customized rock blasting drilling rig

drastically reduce maintenance time and complexity, keeping your rig ...

Explore the most comprehensive line of surface rotary and DTH blast hole drilling rigs in the industry, with a multitude of configurations to choose from and ...

Best Selling Customized Built Hydraulic DTH Blasting Core Rock Borehole Rotary Water Well Horizontal Directional Drilling Rig, Find Details and Price about Water Well Drill Rig Borehole ...

Find professional rock drilling machine manufacturers and suppliers in China here! If you're going to wholesale bulk discount rock drilling machine, welcome to get pricelist from our factory. ...

Our full selection of mining and surface equipment for rock drilling, crushing and screening, loading, tunneling, quarrying, breaking and demolition.

JC860 Rock blasting drilling rig with DTH technologyIntroduction JC860 hydraulic down-hole drill is a multi-functional drill rig driven by internal combustion engine, the drilling power was ...

For many decades, day-in and day-out, Verdi Heavy Civil has been performing precision rock drilling and highly-controlled blasting in sensitive environments. And doing it ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that ...

Blast hole drill rigs are specialised drilling equipment that makes holes with precise diameters and depths to allow blasting charges. These rigs ...

It has more than 20 species such as water well drilling rig, core drilling rig, engineering drilling rig, DTH drilling rig, horizontaldirectional drilling rig, etc. These machines are mainly used in ...

and specifications, and can be customized. We are committed to high-quality production, extending the service life of the drill bit and improving drilling efficiency. Users can choose the ...

Aggregate Resource Drilling provides precision subsurface preparation and rock drilling and blasting services across a diverse range of sectors. Our teams are trained, certified, and ...

Size Can Be Customized Drill Rod for Sale for High Air-Pressure DTH Hammer Drilling Rig for Mine Rock Blasting Tapered Drill Steel Rod, Find Details and Price about Taper Rod Drill Rod ...

Customized rock blasting drilling rig

Epiroc is one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Horizontal Directional Drilling (HDD) in challenging subsurface conditions like rock, gravel, cobble, or shelf rock requires specialized techniques and equipment to ensure success. When blasting ...

Tax excluded, add at checkout if applicable Hammer Rig DTH Rock Blasting Downhole Drilling Machine 80M Mine Rock Drill Rig Portable Customized Electric Well Drill Machine

The Excavator Mounted Rock Blasting Drill Rig is a versatile, heavy-duty drilling solution designed for stone, concrete, and mining applications. Equipped with a diesel engine and adaptable ...

The C650 Rotary BlastHole Drill Performed With Two Mast and Rod Carousel Configuration. REL Rotary Blasthole Drill Rigs Designed for Drilling Both Soft ...

What is Best Selling Customized Built Hydraulic DTH Blasting Core Rock Borehole Rotary Water Well Horizontal Directional Drilling Rig, YX800 manufacturers & suppliers on Video Channel of ...

Jcdrill have wide range of surface rock blasthole drilling equipment within mining, quarrying, anchor in road construction, railway, power station, civil engineering ...

zhigao ZEGA D470A Integrated DTH Drilling Rig for rock exploration and blasting holes. Ideal for mining, construction, and water well drilling. Max depth 40m. | Alibaba

6 days ago In conclusion, an air hammer drill rig is a viable option for rock blasting hole drilling. It offers high - penetration rates, precision drilling, and adaptability to different rock types. ...
