

Dando drilling rig for sale

Who is Dando drilling?

UK drilling rig manufacturer Dando Drilling offers a wide range of machines and equipment for the water well, mineral and geotechnical sectors.

What is a Dando geotechnical rig?

Dando offer a range of compact, versatile geotechnical rigs capable of performing percussive and rotary drilling in areas of difficult access. They can be used for a wide range of site investigation methods including window sampling, dynamic probing, SPT, hollow stem auguring, coring and more.

What types of rigs does Dando offer?

Dando offers a wide range of small to large borehole rigs capable of mud rotary, DTH (Down-the-hole-hammer) and flooded reverse drilling. Its hydraulic rotary and cable percussion rigs are sold all over the world to a diverse range of organisations including UN bodies, government departments, charities, the military and private contractors.

Why should you choose Dando drilling rigs?

Dando can also provide complete tooling & spares packages and on-site training for all their machines, ensuring the customer realises the full potential of their drilling rigs. Strong, efficient and compact, Dando multipurpose drilling rigs provide great flexibility and can be used for a wide range of drilling applications.

Are Dando water well drilling rigs safe?

Designed to be tough, durable and highly reliable, Dando's water well drilling rigs are providing safe, clean water in some of the world's most challenging environments, where inferior rigs will simply not cope. Dando offers a wide range of small to large borehole rigs capable of mud rotary, DTH (Down-the-hole-hammer) and flooded reverse drilling.

Where do Dando geotechnical drilling rigs work?

Used in some of the world's prominent construction and civil engineering projects, Dando's geotechnical drilling rigs can be seen working in a variety of environments from building basements to railway embankments and areas of restricted space to overwater drilling from a jack up platform.
