

Digga explorer 60 drilling rig

8 Series augers: 10-20T Our 8 Series augers are suited to Backhoes, Excavators, and machines up to 20t. For efficient drilling, Digga's effective auger cutting heads let you choose between a ...

There are two types of drilling rigs available on our production line being Explorer 30 and Explorer 60. Explorer 30 has 120 meter capacity drilling rig that is developed for the small underground ...

Continuous flight augers Digga manufactures a range of continuous flight augers ideally suited for soil sampling, under road boring and drilling for bore water. ...

Gain insight on correct drilling procedures, improving drilling performance, maintaining your equipment, cutting head design, and which teeth to use for varying ground conditions.

Backhoe High Flow Auger Drives Digga's PD4HF to PD10HF range of drilling auger drive units are ideally suited for backhoes with a flow between 50 to 200 lpm. Fitted with Digga/Danfoss ...

Digga are a leader in Anchor Drive technology and manufacturing. With over 35 years experience in screw anchoring, helical piling and foundation piling. Our ...

Digga manufacture Drilling augers for Excavators and Skid Steer Loaders. The planetary augers can be used for drilling, screw anchoring and foundation ...

4 Series augers: 5T Our 4 Series augers boast effective cutting heads for efficient drilling, and suit mini loaders, skid steer loaders, and excavators up to 5T. Depending on ground conditions, ...

Digga manufacture lightweight hand held drive units for drilling and Anchoring in tight confined spaces such as crawl spaces. The planetary drive units are light weight perfect for working in ...

AUGERS Over 40 years of design, testing and manufacturing experience has resulted in augers that work as you would expect. Cutting head design has been refined to produce the most ...

Digga manufacture lightweight hand held drive units for drilling and Anchoring in tight confined spaces such as crawl spaces. The planetary drive units are light ...

4 Series augers: 5T Our 4 Series augers boast effective cutting heads for efficient drilling, and suit mini loaders, skid steer loaders, and excavators up to 5T. ...

Digga manufacture drilling augers for 18 ton to 30 ton Excavators. With over 30 years experience in design

Digga explorer 60 drilling rig

and manufacturing auger drives for distribution ...

Extreme rock drilling Tapered rock augers are designed to drill in extreme rock conditions. The engineered design cutting system maximises penetrating ...

Excavator / Backhoe Auger Drives 5T-10T Digga's PD5 to PD10HF range of earth drills are ideally suited for Backhoes and Excavators with a flow between 55 to ...

Continuous flight augers Digga manufactures a range of continuous flight augers ideally suited for soil sampling, under road boring and drilling for bore water. Continuous flight augers suit ...

10 & 11 Series augers: 20-50T Our 10 & 11 Series augers suit Backhoes, Excavators, large Telehandlers, and machines up to 50t. For efficient drilling, we designed effective auger cutting ...

Digga planetary auger drives are fitted with Digga/Danfoss bell motors specially designed for drilling and augering in most ground conditions. Digga drives come packed with really practical ...

Custom auger bit builds are our speciality With over 30 years of drilling knowledge and manufacturing experience, Digga can provide you with a custom auger bit solution for any ...

EARTH DRILLS Digga has been manufacturing Earth Drills for over 35 years. We don't just purchase off the shelf components and assemble them into an Earth Drill, we manufacture ...

Digga manufacture drilling augers for 18 ton to 30 ton Excavators. With over 30 years experience in design and manufacturing auger drives for distribution throughout America and Canada.

Digga manufactures a range of 3pt linkage PTO shaft driven, rear mounted hole post diggers (ram drills) and PHD hydraulic tractor borers for drilling holes. ...

The Digga planetary gear box and EATON hydraulic motor that power each trencher guarantees superior performance. In addition, a spring-loaded ...

6 Series augers: 5-10T Our 6 Series augers suit large Skid Steers, Tracked Loaders, Backhoes, and Excavators. For efficient drilling, Digga offers ...

Fitted with Digga / Eaton bell motors with integrated pressure relief valve and input housing. The innovative design allows the gearbox to go down the hole ...

HALO - The future of drilling HALO is an alignment system located in the hood ring of the auger drive, which provides an operator with a simultaneous clear ...

Digga explorer 60 drilling rig

Fitted with Digga / Danfoss motors with intergrated pressure relief valve and input housing. The innovative design allows the gearbox to go down the hole to ...

Truck Crane / Telehandler Auger Drives Digga's PDX2 to PD10 range of earth drills are ideally suited for truck cranes and telehandlers with a flow between ...

Digga manufacture a range of accessories for Auger, Anchor & Foundation Drives including an auger drive swing control system, excavator hitch, pressure ...

Here are some quick facts about Digga Digga is a world leader in auger and anchor drive technology and has been manufacturing drives and augers since 1981 Digga provides drilling ...

Excavator / Backhoe Auger Drives 5T-10T Digga's PD5 to PD10HF range of earth drills are ideally suited for Backhoes and Excavators with a flow between 55 to 200 lpm. Innovative design ...
