

Dm 30 drill rig specs

Larger models used for blasthole drilling include the Atlas Copco DML and DM45 rigs. With the launch of the new DM30 II, Atlas Copco provides new option in blasthole drill ...

Efficient drilling The DM45/50 is a crawler-mounted, hydraulic tophead-drive rig that is suitable for a variety of multi-pass rotary and DTH drilling applications. They feature a 30 ft (9.1 m) drill ...

pe and can handle up to a 5" drill pipe. The drill has a weight on bit force of 30,000 lb (13,600 kg), and both a low and a high pressure compressor alternative are available for the DM30 series, ...

A crawler-mounted, hydraulic tophead-drive rig, the DM30 II can achieve a clean hole depth of 28 ft. for single-pass applications and up to 148 ...

DM45/50 Multi-pass rotary and DTH drilling fLegendary productivity Like their larger DML series counterparts, Epiroc's DM45/50 drilling rigs are built for productivity, delivering unsurpassed ...

Built off the same platform as the proven DM45 and DML blasthole drill rigs, the newly enhanced Epiroc DM30 II is suitable for a variety of multi ...

With a starter rod under the rotary head, the DM30 XC has a total clean depth capacity of 45.1 m (148 ft), dependent on the drill pipe size. The DM30 XC is designed to handle 101.6 mm (4 in) ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

The DM 30 II SP is scalable to automated features. The DM Series drill rig can be equipped with onboard technology capabilities with the optional ...

Designed for quarrying and small mining operations, this versatile drill has such a small footprint that makes it easy to maneuver on tight benches and simple to ...

o A spacious one piece FOPS (Falling Object Protective Structure) rated cab with electric over hydraulic controls that are common with the DM30 II and DML ...

It features a 30-foot drill pipe changer and a standard four-rod carousel. With a starter rod under the rotary head, the DM30 II has a total ...

A legend in the drilling industry Product description The DM45/50 rotary blasthole drill rig along with their

Dm 30 drill rig specs

big brother, the DML, are some of the most popular ...

The DM30 is a crawler mounted, hydraulic tophead drive, multi-pass rotary drilling rig specifically designed for production blasthole drilling to depths of 90 ft (27.4 ...

Epiroc has introduced the DM30 II SP (single pass) rotary blasthole drill for quarrying and small mining operations. The crawler-mounted, hydraulic tophead-drive rig ...

The document provides information about Secoroc high quality down-the-hole drill string equipment for Atlas Copco mid range blasthole drill rigs including the T4 ...

The DM30 II is tailored for the large quarry market, filling the gap between some larger and smaller drill rigs in the Atlas Copco range. It features ...

Epiroc has introduced the DM30 II SP (single pass) rotary blasthole drill for quarrying and small mining operations. The crawler-mounted, ...

The complete powerpack assembly is mounted on its own sub base to maximize mechanical efficiency and isolate the components from drilling and propel shock loads. Your choice of ...

Description: For sale: 2015 Atlas Copco DM30 Drill Rig, built for productivity and reliability in mining and quarrying applications. Known for its fuel efficien...

The rig is able to continuously operate for more than 14 hours before refuelling. The DM 30 II SP is scalable to automated features. The DM ...

First Break Mining Rotary blast hole rigs DM30 II Tricone and down the hole hammer drill for 140mm to 200mm (5-1/2" to 7-7/8") holes Look to the DM ...

Next-gen drilling power The Epiroc DM30 XC is a crawler mounted, hydraulic tophead drive, multi-pass rotary or DTH drilling rig featuring a 9.1 m (30 ft) drill pipe change. With a starter rod ...

Rotary or DTH drilling up to 6 3/4 " (171 mm) - Multi-pass. The DM30 is a crawler mounted, hydraulic tophead drive, multi-pass rotary drilling rig specifically ...

Drillmec started first with the introduction of conventional land rigs that inculcated Massarenti & Branham-design. Today they are full range land rig packages with varied capacity and ...

Built off the same reliable platform as the Epiroc DM45 and DML blasthole drill rigs, the DM30 II SP is suitable for a variety of single-pass rotary ...

Dm 30 drill rig specs

Epiroc is one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

The DM30 II SP is a crawler-mounted, hydraulic tophead-drive rig that's suitable for a variety of single-pass rotary and DTH drilling applications. It can achieve a clean hole depth of 36 ft (11 ...

This manual provides instructions for operating and maintaining the Atlas Copco DM30 II drill. It contains identification data, descriptions of major components, ...

The DM30 II is a crawler-mounted hydraulic tophead drive rotary drilling rig for multi-pass drilling. It can drill holes between 5 1/2 to 7 7/8 inches in diameter ...

Epiroc's DM30 II, designed for large quarries and construction work, features a 30-ft. will fill the gap between the company's larger and smaller drill rigs ...
