

Dm30 drill rig

What is a DM30 drill rig?

Designed for productivityThe Atlas Copco DM30 is a crawler mounted,hydraulic tophead drive,multi pass drilling rigfeaturing a 30 ft (9.1m drill pipe change and a 2-rod carousel. With a starter rod under the rotary head and the optional 4-rod carousel,the DM30 has a

How deep can a DM30 rig Drill a hole?

A crawler-mounted,hydraulic tophead-drive rig,the DM30 II can achieve a clean hole depth of 28 ft.for single-pass applications and up to 148 ft. for multi-pass applications with a starter rod under the rotary head. It also features a 30-ft. drill pipe change and a four-rod carousel.

How deep can a DM30 rotary drill be used?

single-pass rotary and DTH drilling applications. It can achieve a clean hole depth of 36 ft(11 m) Designed to handle 4 to 6-1/4 in drill pipe,the DM30 II SP has a pulldown of up to 30,000 lbf (133.4 kN) and delivers a hole diameter of 5 to 7-7/8 in (140-200 mm).

What is the Tal depth capacity of a DM30 drill?

tal depth capacity of 150 ft(45.7 m). It is designed to handle a 4" drill pipe and can handle up to a 5" drill pipe. The drill has a weight on bit force of 30,000 lb (13,600 kg),and both a low and a high pressure compressor alternative are available for the DM30 series,making it suitable

What size drill pipe can a DM30 II handle?

The DM30 II is now designed to handle 4- to 6-1/2-in.drill pipe with a pulldown of up to 30,000 lbf and a hole diameter of 5-1/2- to 7 7/8-in. The mainframe and layout of the machine has been updated for 2020 to better assist customers needing a small-profile machine for tight drilling conditions or transit between sites.

What is the DM30 XC rig size?

Hole sizes range up to 200 mm (8 in) diameter. With scalable automation features that enable precision and optimize functionality, the DM30 XC allows you to discover your ideal way to drill. Add flexibility to your drill rigs with Epiroc's Rig Control System (RCS) Lite.

The DM30 II SP is a crawler-mounted, hydraulic tophead-drive rig that's suitable for a variety of single-pass rotary and DTH drilling applications. It can achieve a clean hole depth of 36 ft (11 ...

Drilling Rig, Accessories for drilling rigs, and Atlas-Copco drilling rigs for sale. Find drill rigs, oil and gas equipment on Machinio.

Epiroc is introducing the DM30 XC blast hole drill that is suitable for a variety of multi-pass rotary and down-the-hole (DTH) drilling applications. ...

Dm30 drill rig

pe and can handle up to a 5" drill pipe. The drill has a weight on bit force of 30,000 lb (13,600 kg), and both a low and a high pressure compressor alternative are available for the DM30 series, ...

Merging legacy technology with optimizations that improves efficiency across your drilling operations, the new Epiroc DM30 XC rotary and down-the-hole drill ...

DRILL DESCRIPTIONThe DM30 is a crawler mounted, hydraulic tophead drive, multi--pass rotary drilling rig specifically designed for production blasthole ...

The DM30 II is a crawler-mounted hydraulic tophead drive rotary drilling rig for multi-pass drilling. It can drill holes between 5 1/2 to 7 7/8 inches in diameter ...

The Epiroc DM30 XC blasthole drilling rig is a crawler mounted, hydraulic tophead drive, multi-pass rotary or DTH drilling rig featuring a 9.1 m (30 ft) drill pipe change.

Built off the same platform as the proven DM45 and DML blasthole drill rigs, the newly enhanced Epiroc DM30 II is suitable for a variety of multi ...

Epiroc has unveiled upgrades to its DM30 XC rotary blasthole drill rig that focus on improving safety and efficiency, all while reducing carbon ...

Used drilling rigs for sale in South Africa. Sandvik, Atlas Copco (Epiroc), and ATLAS COPCO. Find drill rigs, oil and gas equipment on Machinio.

DM30 II Rotary Blasthole Drilling Rig Epiroc's DM30 II, designed for large quarries and construction work, features a 30-ft. will fill the gap between the companies ...

The DM30 II is tailored for the large quarry market, filling the gap between some larger and smaller drill rigs in the Atlas Copco range. It features ...

The Atlas Copco DM30 II is a crawler mounted, hydraulic tophead drive, multi pass rotary drilling rig featuring a 30 ft (9.1 m) drill pipe change and a standard 4-rod carousel.

The DM30 is a crawler mounted, hydraulic tophead drive, multi-pass rotary drilling rig specifically designed for production blasthole drilling to depths of 90 ft (27.4 ...

The small footprint of the DM30 II makes it easy to maneuver on tight benches and simple to transport within the pit and over the road between ...

The DM30 II SP is designed to handle 4- to 6½-inch drill pipe with a hydraulic pulldown of up to 30,000

Dm30 drill rig

pound-feet (133.4 kN) and a hole ...

The Atlas Copco DM30 is a crawler mounted, hydraulic tophead drive, multi pass drilling rig featuring a 30 ft (9.1m) drill pipe change and a 2-rod carousel. With a starter rod under the ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

DRILL DESCRIPTIONThe DM30 is a crawler mounted, hydraulic tophead drive, multi--pass rotary drilling rig specificallydesigned for production blasthole drilling to depths of 90 ft. (27.4m) with a ...

A crawler-mounted, hydraulic tophead-drive rig, the DM30 II can achieve a clean hole depth of 28 ft. for single-pass applications and up to 148 ...

Epiroc has introduced the DM30 II SP (single pass) rotary blasthole drill for quarrying and small mining operations. The crawler-mounted, ...

The Atlas Copco DM30 II is a crawler mounted, hydraulic tophead drive, multi pass rotary drilling rig featuring a 30 ft (9.1 m) drill pipe change and a standard 4-rod carousel. With a starter rod ...

The Atlas Copco DM30 II is a crawler mounted, hydraulic top-head drive, multi-pass rotary drilling rig featuring a 30 ft (9.1 m) drill pipe change and a standard 4-rod carousel. With a starter rod ...

The DM30 drillincorporates three (3) leveling jacks to keep the drill level and stable while drilling. To permit optimum performance on a wide range of applications and site requirements, ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

The DM30 II is tailored for the large quarry market, filling the gap between some larger and smaller drill rigs in the Atlas Copco range. It features a 30-foot drill pipe changer ...

Description: For sale: 2015 Atlas Copco DM30 Drill Rig, built for productivity and reliability in mining and quarrying applications. Known for its fuel efficien...
