

Doyon 26 drilling rig

What's so special about the Doyon 26 rig?

I don't know how anyone could see a sight like this rig and not marvel at its sheer size, design, ingenuity, and engineering excellence. One of the largest land rigs ever built, Doyon 26--aptly nicknamed "The Beast"--is going to drill some of the longest ERD wells in the world in an extremely technically challenging Arctic environment.

When will Doyon 26 drill?

Starting in July 2019, they took it apart and shipped it to the Alaska North Slope with 267 truckloads. The last truckload should arrive in Nov 2019 and the rig should do its "first drill" in Apr 2020. "Doyon 26 is the largest mobile land rig in North America and some 1.5 to 2 times as powerful as existing rigs."

What is Doyon 26?
