How do I start a drill rig?

To start any Drill Rig you will need: Then as it drills it will spawn 7 minions with some drops. As an example we are going to use Scrapbone Demolisher which spawns on DR-TR28. This is the Drill Rig for Ol' Big Tusk which also has the highest chance of dropping a Chain Ignitercoil (39%).

How do you spawn a drill rig rare?

Drill Rig rares require the event Drill Rig to be active. You can build a drill in the marked locations which you have to protect for about a minute. After protecting it the cave opens and you can kill the rare in question. Special rares all have some specific conditions that need to be met for them to spawn.

Why does drill rig have a red dot?

For example if the Drill Rig is Caustic Mechaslime, then only it and its minions will spawn inside the caves. The reason for the red dot is that when Gorged Gear-Cruncher spawns, the cave will contain Ranishu Nibblers. These are high level NPCs (not scaled properly), which will kill you very quickly.

Which drill rig has the highest chance of dropping a chain ignitercoil?

This is the Drill Rig for Ol' Big Tusk which also has the highest chance of dropping a Chain Ignitercoil (39%). We are also going to include Earthbreaker Gulroc as his drop chance is the lowest (36%). When we multiply these amounts with the amount of Drill Rigs required to get a Chain Ignitercoil, we will get the cost from Drill Rigs.
