

Drill rig boom

The robust universal boom has a large optimum shaped coverage, 360° rotation and full automatic parallelism for fast and easy face drilling. The boom can also be used for cross ...

ROBODRILL specialize in the design, the manufacture and the rental of underground drilling rigs. ROBODRILL send its jumbos all around the world. Products Automated or manual jumbos 1 ...

Drill, baby, drill? Trump promised a drilling boom, but US energy industry hasn't been interested Exec: "Liberation Day chaos and tariff antics ...

The Fletcher J152-D/E model dual boom jumbo is designed for development and production drilling in headings up to 28 ft. wide by 21ft. high (8.5 m high by 6.4 ...

Capitalizing on 20 years of drilling legacy from Axera D05 to Sandvik DD311, Sandvik DD312i now joins Sandvik's i-series range of intelligent development drills. Sandvik ...

Many oil company executives celebrated Donald Trump's return to the White House. But now expectations of higher profits are fading amid fears of a recession.

DD311 DEVELOPMENT DRILL TECHNICAL SPECIFICATION The Sandvik DD311 is a single-boom electro-hydraulic jumbo, designed for fast and accurate drilling within drifting and ...

Double boom jumbo is a kind of two boom underground drilling jumbo machine typically used in tunneling construction of mining, metallurgy, water and electricity, railway, highway ...

SCALABLE AUTOMATION With scalable automation packages, Sandvik DD422iE offers a wide range of valuable features for automatic drilling: Booms with hydraulic parallel hold without ...

Sandvik DD311 is available in three different versions, including DD311D and DD311DE. It is a medium size, single-boom jumbo designed for fast and ...

The Boomer 282 is a hydraulically controlled mining and tunneling face drilling rig with two booms, adaptable to various heading sizes. This rig is designed for reliable and highly efficient ...

The "All Star" two-boom rig Boomer 282 is a world popular face drilling rig installed with two robust BUT booms and available with a variety of rock drills. Stable and highly efficient performance ...

Sandvik DD321 is a compact two-boom jumbo capable of operating in demanding conditions, thanks to its

Drill rig boom

flexibility to answer various needs such as face ...

With fewer boom hoses, operators have excellent visibility for maneuvering in tight spaces. Combining smart digital add-ons with a solid chassis and powerful diesel engine, Boomer S2 ...

Sandvik DT1132i is a fully automated tunneling jumbo with three electro-hydraulic booms. Equipped with Sandvik RD535 powerful rock drill, DT1132i reduces drilling time, increases ...

Sandvik DD211L-V is a single-boom, low-profile drill rig engineered for excavations with headroom as low as 2 meters (6.6 ft.). The carrier, multi ...

The Boomer S10 face drilling rig is engineered for demanding mining and tunneling applications. Its highly durable design ensures precise positioning, rapid drilling cycles and reliable ...

TECHNICAL SPECIFICATION Sandvik DT1331i is a computer-controlled three boom electro-hydraulic jumbo for fast and accurate drilling in tunneling and cavern excavations. Drill rig has ...

The robust universal boom has a large optimum shaped coverage, 360-degree rotation and full automatic parallelism for fast and easy feed positioning, and accurate face drilling.

A typical drill rig consists of several key components, including the boom, stick, and driller. The boom is the horizontal arm that extends from the crane or other lifting ...

This blast hole drilling machine is equipped with a high-power rock drill, the rock drilling speed can reach 0.8-2.5 m/min. At the same time, the underground drill rig also is equipped with a fully ...

The new booms of the Boomer M20 S jumbo drill rig feature internal hydraulics and a hoseless design. This means less unplanned downtime for hose repairs ...

Enhance your longhole drilling efficiency with the Sandvik DL421 drill rig, a robust and efficient solution designed for underground mining.

Rocket Boomer H104 single boom in excellent condition. Serial Number - AVO 08A565 Fitted with COP1838ME Drifter BUT 4B Boom and BMHP 2837L ...

The drilling jumbo can meet the needs of drilling various blast holes, anchor bolt holes, small pipe support, grouting holes, etc. Two sets of independent ...
