

Drill rig epiroc

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...

Diamec core drilling rigs For underground core drilling exploration tasks, Epiroc offers the well-established and trusted Diamec range of machines. Diamec ...

Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling.

PowerROC D55, a reliable down-the-hole drill rig, is equipped with a range of Epiroc down-the-hole hammers for high performance. Proven Epiroc technology provides this rig with high ...

Production drill rigs Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling.

PowerROC T50 Surface drill rig for limestone and aggregate quarrying, as well as open pit mining High performance - fast penetration rates Reliability thanks to ...

It presents everything from drilling to run due to the intelligent control of the parameters to real-time Measure While compressor and engine rpm. Drilling data (MWD). A SmartROC rig from ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. Discover our products for oil and gas, ...

The Explorac 100, available on a crawler chassis, is designed specifically for reverse circulation drilling and other down-the-hole drilling applications. It has ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

Surface core drilling rig Christensen CT20 has a drilling depth capacity of 2,450 meters. The rig comes truck-mounted or crawler-mounted, which means it can be easily transported. Despite ...

Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and blast hole drilling in mining ...

Epiroc continues the charge towards electrification in underground mining, offering this drill rig with a

Drill rig epiroc

battery-electric driveline option, named Boomer M20 ...

PowerROC T45 is a tophammer drill rig optimized for larger construction work and quarry applications where simple flexibility in positioning is required. The ...

4 days ago; Epiroc has partnered with Luck Stone, one of the nation's leading producers of crushed stone, to deploy the first fully autonomous SmartROC ...

Discover our wide range of surface drilling equipment within mining, quarrying, construction, civil engineering and the dimension stone industry.

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Epiroc SmartROC T40 Drill Rig is the most fuel efficient drill rigs in the world. They show great performance even under the toughest drilling conditions. ...

The durable and robust Boomer M1D and M2D rigs are hydraulically controlled mining and tunneling face drilling rigs. With the strong BUT 36 S boom, these rigs are built with safety and ...

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A SmartROC rig from Epiroc has the potential to significantly ...

Boyles C8C is the most powerful rig in the Boyles range, yet easy to operate. This rig has a new feed system that further improves the high productivity that has become a key characteristic of ...

Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground ...

PowerROC T35 Surface drill rig for construction, aggregate and limestone quarrying Fuel efficient due to Epiroc developed PowerROC control system. Ease of operation thanks to the intuitive ...
