

## Drill rigs holdings inc investor relations

Who operates the drill rig?

Operator or Driller: A person operating the drill rig. They may also be the driver of the rig if it is a carrier mount. Working Area: An area near a drill rig where its tools and or material are moved to carry out the installation of an anchor or micropile element.

Why should you invest in drilling rigs?

Return existing fleet to work amid strong market outlook for drilling rigs Maximise cash flow potential to increase dividend payout Leverage existing organisation and operational excellence to pursue management contracts and opportunistic growth Deeply committed to delivering pioneering drilling services for the future.

Why should you choose a drilling services team?

To be the most trusted drilling services team, delivering unmatched performance, customer focus and a solutions-driven mindset. We partner with our customers to drive operational excellence and deliver innovative commercial solutions, addressing industry challenges responsibly whilst safeguarding our teams, assets and the surrounding environment.
