Is screwing more enjoyable than drilling bolt holes?

Screwing is more enjoyable than drilling bolt holes!. Not everybody has experience in drilling for oil in the Permian Basin, but the same thing is happening in every industry everywhere in some manner. A mind that is positive cannot be controlled.

Is drilling risky?

Drilling is risky because finding oil is only half the job. The real challenge is finding the money to pump the oil. The American Dream is alive and well for some, but not all Americans. Here in South Carolina, rural hospitals are closing, schools are underfunded, and our coasts are threatened by offshore drilling.

Will drilling solve every problem?

The fact that drilling won't solve every problem is no excuse to do nothing at all. In reality drilling is the slowest, dirtiest, and most expensive way to solve our energy crisis. What they [Jim deMint and the oil lobby] do care about is the precedent.

Is drilling in ANWR a good idea?

Drilling in ANWR fails to lower energy prices today and sets no long term energy strategy for tomorrow. But for the children of the poorest people we're stripping the curriculum, removing the arts and music, and drilling the children into useful labor. We're not valuing a child for the time in which she actually is a child.

Should we drill in the Arctic Refuge?

Drilling in the Refuge is completely unnecessary when we could improve the average fuel economy of cars, minivans and SUV's by just 3 miles a gallon and save more oil within 10 years than we could ever produce from the Arctic Refuge. Enjoy our drilling quotes collection.

Should we open our coasts to oil drilling?

First, we should not be opening our coasts, all of our coasts, to oil drilling when we have not taken the first step, not the first step, to conserve oil. Nobody who bought a drill actually wanted a drill. They wanted a hole. Therefore, if you want to sell drills, you should advertise information about making holes - NOT information about drills!
