

Drilling rig companies edmonton

Why should you choose a drilling company in Edmonton?

As a locally owned and operated company in Edmonton, we take pride in the strong relationships we've built with engineering firms, construction companies, government agencies, and mining operations. Our company's long legacy in the drilling industry stands as a testament to our consistent performance, professionalism, and technical excellence.

What services and drilling methods are available?

Some of the services and drilling methods available include: Laskey Coring; SPT; eSPT - blows per inch option; Shelby Tubes; DCPT; Grouting; Instrument Installation; Shear Vane Testing; and CPT Cone Pushing. The M 10 is the workhorse of the fleet.

Who is Cobra directional drilling & trenching?

At Cobra Directional Drilling and Trenching, we believe that no job is too big or too small. That's why we've been taking on the construction industry since 2001, and we still do it every day. From our humble beginnings as a family-owned company, we have now grown to be a leader in underground utility installation.

What are the different types of drilling equipment?

Laskey Coring; SPT; eSPT - blows per inch option; Shelby Tubes; DCPT; Grouting; Instrument Installation; Shear Vane Testing; and CPT Cone Pushing. The M 10 is the workhorse of the fleet. It is versatile, delivers exceptionally high torque, and can be used in a wide variety of drilling applications. It is the gold standard in geotechnical drilling.

What equipment do you need for a rig?

With versatile equipment to meet your needs, some of our rigs include features such as AC power, top drive, dual fuel, automated catwalk, iron roughneck, hydraulic substructure levelling, and hydraulic BOP handling. Our equipment gives us an edge over the competition.
