

Drilling rig consulting

Who is Blue Ridge drilling Consulting LLC?

Blue Ridge Drilling Consulting LLC is a reputable oil and gas drilling engineering consulting company that specializes in providing expert services in drilling engineering and optimization, project management, and comprehensive feasibility studies for drilling projects.

Who are the RPM rig consultants?

RPM has rig consultants on over twenty rigs drilling wells in the Bakken. Our consultants include drilling supervisors, directional drillers and night directional drillers. Most have 10 to 20 plus years of experience and bring expertise and knowledge from oil and gas plays across the country.

Who is Eagle consulting?

Eagle Consulting provides engineers and wellsite consultants with expertise in land, inland water and offshore drilling, completion, workover, plug and abandon, and producing-well intervention projects. Our well-site supervisors have experience that covers the spectrum from spud-in through completion and remedial work.

What types of fracking jobs are handled by a shale company?

Specialty areas such as saltwater disposal wells, tracer surveys, log analysis, re-entries, acid jobs, and velocity strings are handled by a seasoned staff of petroleum engineers and our network of approximately 80 field supervisors. We have experience in the shale plays with fracking in all settings.
