

Drilling rig moving companies in texas

Are oil rig moving companies a crane service company?

As part of our oilfield service, we're a crane service company and can offer the experience, expertise, and safety your rig or construction project requires. Our experienced crane operators will ensure your project is completed perfectly. Most oil rig moving companies are part of a larger oilfield service company.

Who is the top drilling rig operator in Texas?

Tulsa-based Helmerich & Payne is the top drilling rig operator in Texas with 117 horizontal rigs deployed across the state. With some 32 horizontal drilling rigs in operation at oil leases across the state, Tulsa-based Helmerich & Payne is the top drilling rig operator in Texas, exclusive figures from the Austin oilfield data firm Enverus show.

Who owns the most horizontal drilling rigs in Texas?

Tulsa-based Helmerich & Payne is the top drilling rig operator in Texas with 117 horizontal rigs deployed across the state. Some 368 horizontal drilling rigs are in operation in Texas, and more than half of them belong to three drilling companies.

How long does it take to move a rig?

Quite simply, you get the experienced team you would expect to get the job done safely and on time for rig moves from 100 feet to 1,000 miles. We move 15 to 20 rigs a month, and we have the capacity to move multiple rigs at a time in locations spanning from East Texas to West Texas Louisiana, Arkansas and Oklahoma.

Where can I move a land rig?

From initial planning and breakdown to loading, transport and reset, we can move any size land rig anywhere in the continental United States.

What is a rig move?

A rig move is a large-scale operation that requires planning and attention to detail. (The passage does not provide specific information about the weight or capacity of a rig move in this context.)
