Where to buy drilling rig tools & equipment?

Quipsearch is an obtains high-quality, correctly certified drilling rig tools and equipment, from around the world and offer it for sale online.

Will drilling solve every problem?

The fact that drilling won't solve every problem is no excuse to do nothing at all. In reality drilling is the slowest, dirtiest, and most expensive way to solve our energy crisis. What they [Jim deMint and the oil lobby] do care about is the precedent.

Is drilling risky?

Drilling is risky because finding oil is only half the job. The real challenge is finding the money to pump the oil. The American Dream is alive and well for some, but not all Americans. Here in South Carolina, rural hospitals are closing, schools are underfunded, and our coasts are threatened by offshore drilling.

Should you sell drills?

Nobody who bought a drill actually wanted a drill. They wanted a hole. Therefore, if you want to sell drills, you should advertise information about making holes - NOT information about drills! Writing the story of your own life is a bit like drilling your own teeth.

Is screwing more enjoyable than drilling bolt holes?

Screwing is more enjoyable than drilling bolt holes!. Not everybody has experience in drilling for oil in the Permian Basin, but the same thing is happening in every industry everywhere in some manner. A mind that is positive cannot be controlled.

Is drilling in ANWR a good idea?

Drilling in ANWR fails to lower energy prices today and sets no long term energy strategy for tomorrow. But for the children of the poorest people we're stripping the curriculum, removing the arts and music, and drilling the children into useful labor. We're not valuing a child for the time in which she actually is a child.

Not everybody has experience in drilling for oil in the Permian Basin, but the same thing is happening in every industry everywhere in some manner. - Ken Moelis
