

Drilling rig with folding mast

Numerous options are available to personalize the rig for most drilling requirements including mast extensions (folding or telescopic), SPT penetrometer, various foam and mud piston ...

The position of back sliding wheel relative to the mast of rotary drilling rig is adjusted, together with the position of pulley yoke, to obtain the minimum deformation of the mast of rotary drilling ...

Derricks and masts that we manufacture and build. Our derricks are built in our facilities in New Caney, Texas near Houston. Managing design and construction in-house, Polar maintains our ...

A folding mechanism for a mast of a rotary drilling rig comprises a base, a bracket, a fixing device, an oil cylinder and an oil cylinder balance valve, wherein the base, the bracket and the oil ...

At AIMMS Group, we pride ourselves on delivering innovative, safe, and efficient Derrick and Mast solutions that help optimize drilling operations across the oil and gas industry. Whether you're ...

Over 25 years of experience applicable to the design and manufacture of Dynamic & Static Derricks, Folding and Telescoping Masts of every size and capacity. All of this experience and ...

A technology for rotary drilling rigs and masts, which is applied in the field of rotary drilling rigs and masts, and can solve the problems of increased damage to parts, increased wear of pin ...

The slingshot and swing-up substructures are a good choice for most land drilling rigs due to the easy and fast installation. For the same reason we typically equip our 2000 m, 3000 m, and ...

The cathead and the upper mast of the mast device can be automatically folded when the rotary drilling rig is used for transfer transportation, so that the mast device is conveniently ...

The high quality of Sovonex(TM) cantilever, tower, and telescopic masts is the result of years of experience in the construction of drilling rigs. Manufactured strictly to the latest edition of API ...

The high quality of Sovonex(TM) cantilever, tower, and telescopic masts is the result of years of experience in the construction of drilling rigs. Manufactured strictly ...

The NOV Mobile Rig product line is a result of intentionally listening to our customers and producing rugged drilling rigs that withstand the physical demands of the industry while ...

Industry-leading design for land drilling rigs Based on a legacy of more than 1 000 PyramidTM masts and

Drilling rig with folding mast

derricks since 1956, HMH provides mast and sub structures according to your ...

The height can be adjusted even after rig up and is advantageous when drilling in variable terrains or adding new blow out preventers. The variable height substructure does not have a middle ...

The present invention provides a kind of mast folding-back rotary drilling rig, including turntable, swing arm, mast, drilling rod, power head, mast oil cylinder and amplitude oil cylinder, one end ...

The present invention provides a kind of mast folding-back rotary drilling rig, including turntable, swing arm, mast, drilling rod, unit head, mast oil cylinder and amplitude oil cylinder, one end ...

Adjustable Folding Mast Hydraulic Crawler Core Sample Drill Mine Drilling Rig, Find Details and Price about Drilling Rig Core Sample Rig from Adjustable Folding Mast Hydraulic Crawler ...

The folding mechanism is composed of the rotary shaft, the lifting rope, the pulley and the like. The lifting rope is arranged through strict calculation, and the effect that the racking platform is ...

The substructure is one of the important components of the truck-mounted drilling rig and the workover rig, which consists of the boat basement, mast substructure, substructure body, ...

Folding masts use fold back bracing to allow stacking of the mast sections during transport. The reduced cube is best suited for export and long-distance travel.

Strong API Masts & Derricks The high quality of Highdrilling cantilever, tower, and telescopic masts is the result of years of experience in the construction of drilling rigs. Manufactured ...

Cantilever mast, Bootstrap mast, drilling equipmentHome > Products > Drilling Products > Drilling Equipment > Masts Cantilever and Bootstrap Type Masts ...

Drilling Derricks The experience at DSL in the design and manufacture of Offshore Drilling Derricks & Masts stands as one of the best in the Industry. ...

We supply cantilever and bootstrap type masts (API-4F) with static hook load 500,000, 750,000, 1,000,000 and 1,500,000 lbs for land and offshore drilling rigs. The cantilever masts are ...

Hydraulic system and controls Hydraulic mast erection Hydraulic jacks for mast telescoping Hydraulic top drive Hydraulic cathead Operator console: tubing drum; engine and transmission ...

Abstract--Oilfield offshore and onshore drilling rig structures are center part of oil and gas exploration because the rig derrick and mast structures are essential piece of equipment for ...

Drilling rig with folding mast

Mast and derrick are used to support load from hoisting system and drilling load. However, they are different. Mast Referring to the API ...
