

Drilling rigs catering company

What are offshore catering services?

Our offshore catering services are built on years of experience and a deep understanding of the complexities of offshore operations. Our catering company provides a comprehensive range of services that includes meal preparation, food delivery, and facility management on offshore rigs, platforms, and vessels.

Why is offshore catering important?

As operations extend far from shore, the need for reliable support services becomes ever more critical. One such service is offshore catering, which ensures the well-being, productivity, and safety of personnel working in these often harsh and remote environments.

Why should you choose Taylors international for remote offshore catering?

When you choose Taylors International for remote offshore catering (or catering at any other remote location) your workforce will enjoy a menu tailored to their specific tastes and culture. Our chefs and nutritionists can develop and deliver meals that are customized for any nationality, ethnicity, culture or religion.
