

Eijkelkamp drill rig

Who are matrix drilling products & Eijkelkamp?

Powered by Matrix Drilling Products and Eijkelkamp, we bring together cutting-edge equipment, reliable rig service & maintenance, and industry expertise to meet the growing demand for geothermal energy solutions.

What rigs do Eijkelkamp offer?

Featuring Fraste drill rigs, Eijkelkamp Service Admin ESA, & cutting-edge tooling solutions. Our rigs are designed for the evolving geothermal energy landscape, including: Urban Drilling: Compact, quiet rigs for city environments and beyond. Scalable Solutions: Designed for large-scale projects that require flexibility, mobility, and efficiency.

What is Eijkelkamp fraste UK?

Eijkelkamp Fraste UK provides equipment for drilling, soil testing, water monitoring, and more.

Why do rigs use matrix GEO MAX drill rods?

That's why Bore Logic outfits every rig with Matrix Geo Max drill rods, engineered specifically for speed, durability, and unmatched efficiency. Featuring an innovative 2-start thread design, Geo Max rods significantly reduce makeup and breakout times- allowing you to reach total depth faster.

The MRS 200 is a sonic drill rig equipped with a powerful 40k MidRotoSonic drill head, designed to bridge the gap between the CompactRotoSonic 34K and LargeRotoSonic 50K. With a sonic ...

The CRS 170 DUO True 150Hz sonic drilling rig is a compact and powerful drilling rig, designed for heavy-duty drilling. The CRS 170 DUO is equipped with a ...

Drilling Sonic drilling Tooling Meet our sonic tooling Tooling Royal Eijkelkamp's sonic drilling rigs are already very complete. With the tooling we have ...

This high-performance Sonic SRS ML DUO rig, built by Eijkelkamp North America, is a versatile and powerful geotechnical and environmental drilling system. Mounted on a rugged 2022 ...

Article description The patented AquaLock is a soil sampler with absolutely unique features. The AquaLock is vibrated down directly to sampling depth where it takes a long and practically ...

Bore Logic, a novel endeavor focused on geothermal, industrial drilling, and rig service operations, has officially launched with Jim Hopkins as ...

The Track "n Grab is the latest in drilling innovation that puts safety and efficiency first. Equipped with rod rack Remote-controlled ManipAll 250 Battery-powered Self-stabilizing Outriggers for ...

Eijkelkamp drill rig

The MidRotoSonic crawler XL MAX Duo is equipped with a MidRotoSonic 50K drillhead as well as a four speed rotation head. Both heads are mounted on a ...

Since the oil recession continued, we started to adapt the technology to environmental, geotechnical and construction drilling, which was ...

Markets Equipment Construction Drilling Energy & Industrial Drilling Geothermal Geotechnical Investigation Drill Rigs & Heavy Equipment Rig, ...

Bore Logic, a novel endeavor focused on geothermal, industrial drilling, and rig service operations, has officially launched with Jim Hopkins as President. Hopkins will lead the ...

The LRS 275 is a robust and powerful drilling rig suitable for mineral sampling, environmental research, geotechnical sampling and testing, geoconstructive drilling, and seismic drilling.

The versatility of our range makes the difference here: our solutions for mining combine Sonic Drilling, CPT and Water Monitoring, as well as our new data solutions Monitoring While Drilling ...

The SRS 120 34K True 150Hz sonic drill rig is a small and easy-to-use machine with extreme sonic power. This small but powerful drill rig delivers faster and better results and the best ...

Looking for a second-hand Sonic rig? Are you looking for a second-hand machine? Then take a look at our Used and rental rigs page. Our database of second hand and used Sonic drill rigs ...

Eijkelkamp North America is based in Wilmington, NC in the United States. We provide sonic and conventional drilling and sampling technology, including ...

Eijkelkamp SonicSampDrill products will increase productivity. Not just by our unique sonic drilling method, but also due to product field training in your local environment. Our product line is ...

Article description Discover the benefits of a specialised set of tools that collects real-time drilling data. It can help to bridge the gap between field crew and ...

Drilling machines & equipment for mining Royal Eijkelkamp supplies advanced equipment for operators and contractors to be used in various activities within all phases of mining: from drill ...

The SRS 120 34K True 150Hz sonic drilling rig is a small and easy to use machine with extreme sonic power. This small but powerful rig delivers faster ...

Eijkelkamp North America produces special soil drilling technology used in environmental drilling, mining

Eijkelkamp drill rig

and mineral exploration, geotechnical soil research and special foundation drilling.

The LRS 275 True 150Hz sonic drilling rig is an upgrade to the reliable CRS platform and built to accommodate the powerful 50K LargeRotoSonic drill ...

The CRS 140 DUO True 150Hz sonic drilling rig is a powerful sonic drilling rig with both sonic and conventional drillhead. The rig is equipped with a ...

The ManipAll 250 and the remote-controlled 250 RC are suitable for the CRS, MRS XL and the larger drilling rigs of Royal Eijkelkamp. The ManipAll 200, 250 and 250 RC are built to fit Royal ...

The LRS 275 DUO True 150Hz sonic drilling rig is a large strong and robust machine. The drill rig is equipped with a LargeRotoSonic 50K drill head and a four-speed rotation head. Thanks to ...

Description Discover the benefits of a specialized set of tools that collects real-time drilling data. It can help to bridge the gap between field crew and office, guide the drilling process, improve ...

Powered by Matrix Drilling Products and Eijkelkamp, we bring together cutting-edge equipment, reliable rig service & maintenance, and industry expertise to meet the growing demand for ...

Drilling Eijkelkamp North America not only provides the necessary equipment and expertise to conduct both sonic and conventional soil investigation methods; ...

Find out all of the information about the Royal Eijkelkamp product: horizontal drilling rig CPT130. Contact a supplier or the parent company directly to get a ...

Royal Eijkelkamp makes a difference worldwide by developing, producing and delivering solutions for soil and water research. Our innovative solutions, coupled with the knowledge and ...
