

Ensign automated drilling rig

How can Ensign Energy Services improve rig performance?

Using data to economically drill faster and safer is nothing new to Ensign Energy Services, one of the world's leading land-based oil and gas drilling businesses. Since the early 2000s, Ensign has optimized rig performance controls with real-time data and advanced analytics.

What rigs does Ensign offer?

With a focus on innovation and technology, Ensign offers a comprehensive range of services and equipment to optimize drilling performance and crew safety. The company's fleet of technologically advanced rigs, including the ADR 1500S and ASR 150, demonstrates their commitment to efficiency and excellence in the industry.

What makes Ensign drilling unique?

At Ensign Drilling, their commitment to excellence is showcased through their advanced rigs like the ADR 1500S and ASR 150, designed for efficiency and safety in challenging environments. Their team of skilled professionals and state-of-the-art equipment ensure unparalleled project efficiency and reliable performance.

Who is Ensign drilling?

Ensign is an industry leader in the drilling of deep, complex, challenging wells. Our horizontal and directional drilling teams are among the world's most skilled and experienced and they are fully equipped with state-of-the-art technology. Revolutionize your drilling operations with EDGE AUTOPILOT™ engineered for excellence.

What is Ensign's edge rig operating system?

The MCC upgrade added yet another dimension to Ensign's Edge Rig Operating System, the brains of the drilling rig. The Edge system's analytics stream rig data 24/7 and utilize machine learning algorithms to pull out data to continuously improve rig, crew, and drilling performances.

Who is Ensign?

Ensign. The world's most resourceful energy services company. Whatever your drilling challenge, Ensign is your solution. We offer you an extensive fleet of technologically advanced, purpose-built rigs and a comprehensive range of drilling services. We deliver a customized solution for unparalleled project efficiency.

This increase in our directional drilling capabilities complements Ensign's market-leading Automated Drill Rig ("ADR") fleet and allows us to provide even more value to our customers ...

Ensign #965 rig is an ADR-1500 model rig with a hook load of 750,000 lbs. This model has a proven track record of drilling wells of similar depths throughout Australia ...
