

# Epiroc Down-the-Hole Drilling Rig

Find out all of the information about the Epiroc product: multifunction drilling rig AirROC D50. Contact a supplier or the parent company directly to get a quote or to find out a price or your ...

Find out all of the information about the Epiroc product: water well drilling rig TH60. Contact a supplier or the parent company directly to get a quote or to ...

Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and blast hole drilling in mining ...

Experience a revolution in drilling efficiency with the Epiroc QL Series, delivering unrivaled power in Down-the-Hole (DTH) applications. Designed for general-purpose use in exploration, ...

PowerROC D60, a hydraulic down-the-hole drill rig, perfectly meets the needs of open-pit mines and quarries when it comes to drilling big holes. With the well ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the widest range of surface drilling ...

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A SmartROC rig from Epiroc can significantly raise quality across ...

Find out all of the information about the Epiroc product: multifunction drilling rig AirROC D45 . Contact a supplier or the parent company directly to get a quote ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

The DML is a crawler-mounted, hydraulic tophead-drive rig that's suitable for a variety of multi-pass rotary and DTH drilling applications. It's designed specifically for production blasthole ...

Find out all of the information about the Epiroc product: multifunction drilling rig AirROC D50. Contact a supplier or the parent company directly to get a quote ...

PowerROC D55, a reliable down-the-hole drill rig, is equipped with a range of Epiroc down-the-hole hammers for high performance. Proven Epiroc technology provides this rig with high ...

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A

# Epiroc Down-the-Hole Drilling Rig

SmartROC rig from Epiroc can significantly raise quality across the whole operation.

In short, Epiroc DTH 5 hammers handle all types of drilling in any type of rock formation and can be customized to handle high- and low-impact energy and airflow. You can trust them to work ...

With a 85,000 lb (42.5 ton) bit load capacity, the durable Pit Viper 271 XC is designed for adaptability - so it easily fits into any drilling operation. The new Pit Viper 271 XC is one of the ...

The Epiroc FlexiROC D50 is a highly capable and adaptable down-the-hole (DTH) surface drill rig, engineered for exceptional performance across demanding applications.

Epiroc's SmartROC D60 is a down-the-hole (DTH) surface drill rig incorporates smart features such as automated drilling and rod handling. Drill holes 4.6 to 7 ...

The DM45/50 rotary blasthole drill rig along with their big brother, the DML, are some of the most popular drills in the world for good reason. All three models ...

"With this launch, our customers have the opportunity to select a straightforward and robust down-the-hole (DTH) rig for drilling large holes," ...

Our drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and blast hole drilling in mining and ...

The DML rotary blasthole drill rig is a crawler-mounted, hydraulic tophead-drive rig that's suitable for a variety of multi-pass rotary and DTH drilling applications. It's designed specifically for ...

The SmartROC D65 down-the-hole drill rig brings the future of mining within your reach today. Give your operation the chance to profit from the added ...

Our drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and ...

A partner you can trust The PowerROC D60 hydraulic down-the-hole drill rig is safe, environmentally friendly and powerful, helping you increase production capability. With its ...
