

Epiroc drill rigs

SmartROC T45 Surface drill rig for quarrying and construction Increased efficiency due to high capacity and further improved fuel consumption Safety and high availability thanks to a ...

Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and blast hole drilling in mining ...

Discover our wide range of surface drilling equipment within mining, quarrying, construction, civil engineering and the dimension stone industry.

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...

Production drill rigs Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling.

These rigs integrate advanced technology with operator ease-of-use and safety. Inside the cleanly designed and comfortable cabin, the operator has full ...

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A SmartROC rig from Epiroc has the potential to significantly ...

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A SmartROC rig from Epiroc has the potential to significantly raise quality across the whole ...

Stockholm, Sweden: Epiroc, a leading productivity and sustainability partner for the mining and Infrastructure industries, has agreed with Swedish construction company Skanska ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground ...

Boomer S1 L is a low-profile hydraulic face drilling rig suitable for small drifts and tunnels with cross sections up to 29 m². The BUT 28 boom allows for fast, ...

With the largest rock drill range on the market and the most rigid boom Epiroc offers, the Epiroc drill rig

Epiroc drill rigs

brings power, precision and versatility to limestone ...

Schramm drill rigs are built your way, delivering maximum performance, reliability and operating efficiency in the most extreme environments. Get the edge you need to stay ahead of the ...

We offer a wide range of exploration drilling rigs, which are designed to meet many different requirements and needs; including, ore body definition, reserve evaluation, ground ...

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. Choose your model of jumbo here and read more!

One-stop-shop support We offer unparalleled drill rig support along with complete drill, consumables, service and technology solutions - directly or through our ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

The underground jumbo drill rigs from Epiroc are used for blast hole drilling in underground mining and tunneling. The rigs are equipped with up to four booms, covering cross sections from 6 m ...

Diamec Smart RCS A powerful rig for demanding applications Product description Diamec Smart 8 has a versatile design that makes it ideal for most underground core drilling applications. ...

The Explorac 100, available on a crawler chassis, is designed specifically for reverse circulation drilling and other down-the-hole drilling applications. It has ...

PowerROC D55, a reliable down-the-hole drill rig, is equipped with a range of Epiroc down-the-hole hammers for high performance. Proven Epiroc technology provides this rig with high ...

Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling.
