

## Epiroc drilling rig

Simba E60 S is a long-hole production drill rig for medium to large-drift mining. It accommodates a range of drill bits, rock drills and in-the-hole hammers to adapt to your specific needs. The ...

With the largest rock drill range on the market and the most rigid boom Epiroc offers, the Epiroc drill rig brings power, precision and versatility to limestone ...

The Predator Drilling System is a three- component package consisting of a mobile rig, substructure and a pipe skate. The components are designed, and manufactured at Atlas ...

4 days ago; Epiroc has partnered with Luck Stone, one of the nation's leading producers of crushed stone, to deploy the first fully autonomous SmartROC ...

Epiroc SmartROC T40 Drill Rig is the most fuel efficient drill rigs in the world. They show great performance even under the toughest drilling conditions. ...

Boomer S1 L is a low-profile hydraulic face drilling rig suitable for small drifts and tunnels with cross sections up to 29 m<sup>2</sup>. The BUT 28 boom allows for fast, ...

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For example; oil and gas, construction ...

Diamec Smart RCS A powerful rig for demanding applications Product description Diamec Smart 8 has a versatile design that makes it ideal for most underground core drilling applications. ...

Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling.

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A SmartROC rig from Epiroc can significantly raise quality across the whole operation.

Stockholm, Sweden: Epiroc, a leading productivity and sustainability partner for the mining and Infrastructure industries, has agreed with Swedish ...

Diamec core drilling rigs For underground core drilling exploration tasks, Epiroc offers the well-established and trusted Diamec range of machines. Diamec rigs are available in a wide variety ...

Features such as Radio Remote Control means it can be transported swiftly (RRC), COP SC14 rock drill and

## Epiroc drilling rig

flexible from job to job. The FlexiROC T20 R is drilling angles make the ...

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...

It presents everything from drilling parameters to real-time Measure While Drilling (MWD) data. A SmartROC rig from Epiroc has the potential to significantly ...

They range from the most advanced and automated hydraulic drilling rigs within the SmartROC family, to the versatile FlexiROC family, to the robust ...

We offer a wide range of exploration drilling rigs, which are designed to meet many different requirements and needs; including, ore body definition, reserve evaluation, ground ...

Epiroc continues the charge towards electrification in underground mining, offering this drill rig with a battery-electric driveline option, named Boomer M20 SG.

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...

This top-head drive PTO drill rig has a strong, mid-weight design that's ideal for waterwell, dewatering, geothermal, uranium drilling and many more deep-hole applications. Contact your ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the widest range of surface drilling ...

The Explorac 100, available on a crawler chassis, is designed specifically for reverse circulation drilling and other down-the-hole drilling applications. It has ...

Epiroc's Simba long-hole drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground ...

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. These jumbo drill rigs can be equipped with up to four ...

Epiroc's drilling rigs offer a variety of feed lengths, positioning configurations, rock drills, and optional automated features for underground production drilling and blast hole drilling in mining ...
