

Ethiopia Golden Ring Screw Air Compressor Air Filter

What is an air filter for a compressor?

Our air filters for compressors are manufactured with the highest quality filter media available to provide continued protection for your compressed air system. Air Compressor Inlet Filters are the first line of defense to foreign contaminants which will decrease the life of your compressed air system and compressor oil.

What is a screw air compressor air filter?

The air intake filter is the first protection for screw air compressors and prevents dirt and dust particles from entering the machine. It protects the screws and bearings and reduces the strain in the air oil separators and oil filters installed downstream.

Where are air compressor services air filters made?

Air Compressor Services replacement air filters for compressors are proudly made in the United States of America and are guaranteed to meet the specifications of the original equipment manufacturers. Most of our compressed air filters are made with a micron rating of 5 or 10 depending on the OEM specifications set forth by each manufacturer.
