

## Face drill rigs

Mine Master drill rigs (also known as underground drill rigs, master rigs or face drilling rigs) are primarily utilized in underground mines (hard rock & soft ...

To increase productivity, efficiency, reliability and precision even further, the Boomer M20 S face drill rig has smart automation options available such as ...

Face Drill Rig FOCOR self-propelled drilling rigs are mainly used to drill blast holes for tunneling constructions in mining, metallurgy, water and electricity, railway, highway engineering, etc. ...

The Boomer E3 (model names XE3 and WE3) is a hydraulic face drilling rigs for medium to large drifts and tunnels with cross sections up to 198 m<sup>2</sup>. Even in the toughest rock conditions, ...

As a leading supplier of rock excavation equipment for more than 145 years, we have gained considerable experience and knowledge of mining techniques ...

The Boomer S10 face drilling rig is engineered for demanding mining and tunneling applications. Its highly durable design ensures precise positioning, rapid drilling cycles and reliable ...

Drilling is the heartbeat of any underground project--and face drill rigs are the tools that keep it going strong. Whether the concise tunneling in the transport industry or the slicing out hard ...

Face drilling rig is the rock drilling equipment traveled automatically, which are used for supporting, advancing, and moving one or more rock drills for the excavation of ...

To increase productivity, efficiency, reliability and precision even further, the Boomer M20 S face drill rig has smart automation options available such as the possibility to enable automated ...

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. Choose your model of jumbo here and read more!

Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. These jumbo drill rigs can be equipped with up to four booms, covering cross ...

The durable and robust Boomer M1D and M2D rigs are hydraulically controlled mining and tunneling face drilling rigs. With the strong BUT 36 S boom, these ...

, Epiroc's rugged face drilling rigs are built for blast hole drilling in underground mining and tunneling. These

## Face drill rigs
