

Fully computerized multi-arm rock drill

DW1-50E fully computerized single-arm rock drilling rig is a new intelligent high-end rock drilling equipment, specially developed and designed for mining, high-speed, high-speed rail, water ...

Application of Fully Computerized Three-arm Rock Drilling Jumbo in Construction of Expressway Tunnel GUO Jihuai (Sinohydro Bureau 5 Co., LTD, Chengdu, Sichuan, 610066) Abstract: In ...

Recently, Miniaturization newly developed by China Railway Construction Heavy Industry ZYS123AG-FL The computerized three-arm rock drilling jumbo is working in a tunnel of ...

Application of fully computerized three-arm rock drilling rig in mechanized tunnel construction As a key mechanical equipment for mechanized tunnel construction, the fully ...

ZYS123AG-FL The basket arm of the three-arm drilling jumbo is cancelled., Install the middle drill boom at the position of the original basket boom, And that integral drill efficiency is ...

With the development of fully computerized rock-drilling-jumbo technology, the rock-drilling jumbos manufactured by mainstream ...

The ZYS123AG-FL three-arm drilling rig cancels the gondola arm and installs the middle boom at the original basket arm position, which improves the overall drilling efficiency ...

Xiaoxiangling tunnel Application of fully computerized three-arm rock drilling rig in Xiaoxiangling Railway Tunnel With the rapid development of the railway market, the ...

Epiroc's long-hole drilling rigs are used for production drilling in underground mining applications. With a variety of feed lengths, positioning configurations, ...

Buy China underground mining mine tunnel truck mounted drilling rigs jumbo td3133c (tz3d) three-arm rock drill truck (fully computerized) from verified ...

Canyon Equipment specializes in rock drilling equipment for all forms of civil construction, quarries, open pit mining and underground exploration.

Abstract The invention discloses a full-section smooth blasting construction method suitable for III-grade and IV-grade surrounding rock large-section railway tunnels through a full-computerized ...

It is equipped with automatic anti-jamming and drilling functions. The low-pressure and high-flow hydraulic

Fully computerized multi-arm rock drill

system takes into account the characteristics of high ...

Analysis of Comprehensively Promoting Mechanization of Tunnel Construction by Fully-Intelligent Three-Arm Rock Drilling Rigs With the continuous development of China's ...

Research on the Application of Fully Computerized Three-arm Rock Drilling Jumbo in the Rapid Excavation of Long-large Tunnels With the ...

In order to solve the existing problems of manual drilling and support in highway tunnel construction in the past, a new construction ...

Our Wd310I Fully Computerized Three-Arm Rock Drilling Rig has been recognized by customers around the globe for its outstanding performance, durability and ease of use.

tunnel engineering Application of Fully Computerized Three-arm Rock Drilling Rig and Intelligent Arch-anchor Integrated Rig in Extra-long Highway Tunnels With ...

TD3133C (TZ3D) three-arm rock drilling cart is mainly used in tunneling, water conservancy and hydropower and other underground projects in the tunneling construction work. It has a large ...

With the continuous improvement of the design and manufacturing technology of large-scale tunnel machinery and its intelligence, the large-scale mechanized construction technology of ...

Nige Tunnel Application of Fully Computerized Three-arm Rock Drilling Jumbo in Construction of Expressway Tunnel In expressway construction, intelligent ...

Application of Fully Computerized Three-arm Rock Drilling Rig and Intelligent Arch-anchor Integrated Rig in Extra-long Highway Tunnels With the rapid ...

Fully computerized multi-arm rock drill
