

Fuyang Oil-free Screw Air Compressor Manufacturer

Is CMN the world's first oil-free screw air compressor?

With continued R&D investment, CMN, the screw air compressor manufacturer in China, has launched the world's first 40-bar oil-free screw air compressor with a water-lubricated air end and the world's first 1.2 MPa scroll air compressor, which filled an international gap.

What is an oil-free air compressor?

An oil-free air compressor also means less maintenance, as it doesn't need oil to work. This type of air compressors also features fewer moving parts, which means fewer places for problems to develop. All oil-free air compressors are manufactured to meet ISO Class 0 and 1 air purity standards.

Which is better oil free or oil lubricated air compressor?

Oil-free air compressors have a smaller footprint and require less maintenance than oil-lubricated air compressors. Although oil-lubricated air compressors are more expensive and heavier than oil-free air compressors, they are also ideal for stationary use.

Should you buy an oil-free compressor?

An oil-free compressor, on the other hand, is quieter and can power several workers at a time. If you're a contractor, the most important consideration will be the type of jobs you'll be doing. Higher air pressure means greater demand for air flow, and more pressure can damage the equipment.

Why should you choose CMN oil-free air compressors?

Our high-efficiency, oil-less air compressors provide comprehensive solutions for all kinds of applications that require compressed air. Furthermore, CMN oil-free air compressors, distinguished by an advanced no-lubricating oil feature, are prominently utilized in industries demanding compressed air with exceptional purity.

How do I choose the best oil-free air compressor?

A good distributor can advise you on what type of oil-free air compressor is right for you. This way, you can save money and enjoy peace of mind while using your air compressor. And, of course, the best way to get a great deal on an air compressor is to speak to a distributor who is knowledgeable about the products available.
