

Fuyang screw air compressor

What is a Fusheng rotary screw air compressor?

The Fusheng SA series compressors are built with advanced patented helical teeth rotors and delicately processed one-piece casings. These rotary screw air compressors use premium technology to run efficiently and at low cost.

What is a rotary screw air compressor?

These rotary screw air compressors use premium technology to run efficiently and at low cost. They run on 5.5 kW to 220 kW of horsepower, have discharge volumes between 0.85m³ /min and 42.0m³ /min (operating pressure 7.0kg/cm² G), and meet the international energy efficiency standards.

What is a screw air compressor?

The screw air compressor comes with an intelligent human-machine interface control system and a computerized self-diagnostic safety feature. It is an industrial grade compressor designed for wide industrial applications. The Fusheng SA series is verified by TUV Rheinland, a third-party testing laboratory.

How does Fusheng air compressor work?

The machine utilizes Fusheng's patented two-stage compressor dedicated airend, where the design integrated the units for the first and the second stages of compression into one airend. Through the direct gear-drive, the rotors of each stage compression unit are able to reach an optimal velocity.

A rotary screw air compressor is one of the two types of positive displacement gas compressors. It uses two rotors to create the pressure needed for air ...

1.1 Instruction The oil-injected screw air compressor has the characteristics of reliable running performance, few wearing parts, low vibration, low noise, and high efficiency. During the ...

Principle, types, and benefits: read on how rotary screw compressors provide efficient, continuous compressed air for various industrial applications.

Find Sanlion Bauer 30HP screw air compressor, 03 from HANGZHOU Fuyang HENT Electromechanical Engineering Co., Ltd. in China. As a reliable air compressor and ...
