Where can I buy a scrap metal compressor?

If you are a contractor, plumber, electrician, or work in construction you can find a buyer for your scrap metal compressors within minutes on the iScrap App. If you have larger quantities of compressors for scrap, contact your local scrap metal yard and request a scrap metal pick up. Are Compressors Like Sealed Units?

Can you recycle an air compressor tank?

While the metals of an air compressor, including the motor, can be sold for scrap, the tank itself can be recycled. However, you will need to call ahead to a scrap metal recycler to ensure they can accept it. Alternatively, there are DIY projects that can be done with an air compressor tank if you have time and want to reuse it.

Can an air compressor be placed in a trash can?

No, an air compressor is too big to fit in the trash can. It typically consists of a motor, a tank, a pump, and some cords. To dispose of it, you'll need to separate every part possible for recycling.

Where can you sell an air compressor?

If your air compressor is still in working condition, and you think it's good enough quality that you could make some money off of selling it, then selling it may be the choice you'd make. Most social media marketplaces and auctions such as Craigslist, Facebook Marketplace, and eBay are good places to sell your compressor.
