

Gd xk screw air compressor

What is the XK screw compressor used for?

The XK screw compressor range is optimised for dry bulk applications. The high flow capacity, compact size and lightweight design allow for installation where space is limited and reliability essential. This oil free truck mounted compressor is suited for the following applications:

What is a XK12 screw compressor?

General Product general description The XK12 is a robust, medium flow, oil free, contactless, low maintenance screw compressor designed for the contaminant free discharge of dense bulk powder products (e.g. cement, flour and lime), usually at 1.5-2.5 bar g pressure in 3" pipework.

Are XK compressors oil free?

Our XK series are built to be oil free and contactless. An air gap between compressor gearbox and air end ensures that absolutely no oil can enter into the compressor's airflow, meaning your critical product remains oil and contaminant free. The XK series offer variable flow rate, depending on what your application demands.

What is a truck mounted screw compressor?

The XK series of truck mounted screw compressors offer a robust, high flow, oil free, contactless, low maintenance solution, designed for the contaminant free discharge of a wide range of dry bulk product types.

How does the XK series work?

The XK series can be driven hydraulically, via prop shaft, or coupled to electric motor. A wide range of installation options gives you the flexibility to run your vehicle exactly as you need it. Every machine is supplied with a commissioning filter, which is removed after a vigorous test procedure on the vehicle.

What makes the XK a good discharging machine?

The XK has class leading low discharge outlet temperatures making it the perfect machine for discharging products that are sensitive to high temperatures. A simple service, carried out every 12 months allows for your vehicle downtime to be kept to a minimum, ensuring that your machines can be operating at 100% efficiency, year round.

Download 460 Gardner Denver Air Compressor PDF manuals. User manuals, Gardner Denver Air Compressor Operating guides and Service manuals.

The DRUM XK-18 screw compressor is an oil-free, high-performance unit designed for the fast and clean discharge of dry bulk materials such as cement, flour, granules, or sand, mounted ...
